RCom inks pact with Kodiak

New Delhi, Aug. 12

Reliance Communications has partnered with the US-based Kodiak Networks for a nationwide commercial roll-out of mobile conferencing service. RCom will roll-out the mobile conferencing service across its CDMA and GSM networks, RCom said in a statement. RCom plans to offer this service for as low as Rs 99 a month and the service will be accessible through R-World and supported by all handset clients, including BlackBerry, BREW, Java, Symbian and Windows Mobile. Through this tie-up, Kodiak will enable Reliance to offer two key conferencing services – Mobile Instant Conferencing and Mobile Scheduled Conferencing. —
