PT Sumukha Coal Services

Notes to the financial statements for the year ended March 31, 2022

1. General Information:

PT Sumukha Coal Services was incorporated in Indonesia, was established on 9th February 2009 through Notarial Deed No. 14 of Public Notary Mala Mukti, SH, LLM. The Company is under development stage. The purpose and objective of the Company is to engage in general mining and support service.

2. Significant Accounting Policies:

Basis of preparation, measurement and significant accounting policies

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

a) Basis of Preparation

The financial statement of the company have been prepared in accordance with indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended and relevent provisions of the Companies Act, 2013 ("The Act")

Historical cost convention

The financial statements have been prepared under the historical cost convention, as modified by the following:

Certain financial assets and financial liabilities at fair value

b) Investments and other financial assets

Classification

The Company classifies its financial assets in the following measurement category:

those to be measured subsequently at fair value through profit or loss

those measured at amortised cost

Contributed equity:

Equity shares are classified as equity, incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

c) Provisions and Contingent Liabilities/Assets

Provisions:

Provisions are recognised when there is present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of reporting period. The discount rate used to determine the present value is pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expenses.

Contingent liabilities

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by occurrence or non occurrence of one or more uncertain future events not wholly with in the control of the Company. A present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or reliable estimate of the amount cannot be made, is termed as contingent liability

Contingent Assets

A contingent asset is disclosed, where an inflow of economic benefits is probable.

d) Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable.

e) Cash and Cash equivalents:

Cash and cash equivalents includes cash on hand, demand deposits with banks, short-term balances (with an original maturity of three months or less from date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of change in value.
