## Letter to Shareowners

My dear fellow shareowners,

It is my privilege to give you a snapshot of how the year 2011–12 went for Reliance Power. We have delivered a robust performance of which we can all be justifiably proud.

Reliance Power's vision is to become one of the largest integrated power generation and coal mining Companies in the world. Of the power projects which the Company is developing, 1,540 MW is already operational, while the balance capacities are under various stages of construction and development.

In the year 2012, we successfully commissioned, ahead of schedule, the second 600 MW phase of our thermal power plant in Rosa, situated in Shahjahanpur district of Uttar Pradesh. With this the Rosa plant has reached its full capacity of 1,200 MW, all dedicated to the people of Uttar Pradesh.

The first phase of the Rosa plant has already set benchmarks in terms of operational efficiency and financial performance. This was achieved in spite of the acute shortage of coal facing the Country. Rosa Phase I generated 4,233 million units of electricity and delivered a net profit of Rs. 339 crore.

Your Company commissioned India's biggest solar power plant in Village Dhursar, Dist. Jaisalmer, in Rajasthan. The 40 MW solar photovoltaic thin film plant was set up in a mere matter of 129 days. This plant will generate 70 million kilowatt hours of clean and green energy annually for potential consumption of 75,000 households. The entire debt for the plant has been funded by US Exim Bank and Asian Development Bank (ADB). The commissioning of this plant is the first major step in our vision to become India's largest green power Company.

We are also constructing India's biggest gas-based power plant in Samalkot, close to India's east coast in Andhra Pradesh and the plant is poised for commissioning in a record time of 14 months. This bears testimony to your Company's strong project execution capabilities. We now await the allocation of domestic natural gas from the government and look forward to providing environmentally friendly clean and green power to the southern region.

Reliance Power recently synchronised the first of two units of its 600 MW Butibori Thermal Power Project near Nagpur in Maharashtra. Power generated from the plant will mainly be distributed to industrial as well as distribution utilities in Maharashtra. The first unit of the plant has been synchronised in a record time of just over 21 months from commencement of boiler erection to synchronisation. The second 300 MW unit of the plant is also on track for commissioning in the coming months.

The year 2012-2013 would see the commissioning of the first 660 MW unit of the 3,960 MW Sasan Ultra Mega Power Project (UMPP). This would herald, for us, the beginning of the use of supercritical technology. All of your Company's future thermal power plants would employ supercritical technology, which notably translates to higher efficiencies to reduce both fuel costs and carbon dioxide emissions.

In Dhursar in Rajasthan, your Company is also setting up a 100 MW Concentrated Solar Power (CSP) project. CSP plants produce electric power by converting the sun's energy into heat using various mirror configurations. A conventional steam turbine generator then converts this heat–energy into electricity. The CSP plant is being developed under the Jawaharlal Nehru National Solar Mission, which has set a target of 20 GW solar power by 2022. The combined solar power capacity of over 140 MW in this location in Rajasthan will generate enough electricity to power over 250,000 homes in India.

Construction and development activities are progressing rapidly in Vashpet in Maharasthra, where we are setting up wind power generation farms.

Reliance Power is on track for becoming one of India's largest resources Companies in the power sector with work progressing at a brisk pace in the development of coal mines associated with our Sasan UMPP. Coal production will begin ahead of the commissioning of the Sasan power plant. Your Company has also made significant progress in the mine development activities in Indonesia, where we own three coal mines capable of producing

## Letter to Shareowners

up to 30 million tonnes per annum. Our coal resources will ensure fuel self-sufficiency for a large proportion of our power plants.

# Performance Review

A snapshot of the Company's consolidated financial performance during FY11-12 is provided below for your reference:

- Total income of ₹ 2,767 crore as compared to ₹ 1,918 crore in the previous year.
- Net profit of ₹867 crore as compared to ₹760 crore in the previous year.
- Earnings Per Share (EPS) (basic and diluted) of ₹ 3.09 as compared to ₹ 2.94 in the previous year.

# Corporate Governance

RPower has always maintained the best governance standards and practices by adopting, as is the norm for all constituent Companies of the Group, the "Reliance Group - Corporate Governance Policies and Code of Conduct". These Policies and Code prescribe a set of systems, processes and principles, which conform to the highest international standards and are reviewed periodically to ensure their continuing relevance, effectiveness and responsiveness to the needs of investors, both local and global, and all other stakeholders.

## **Social Commitments**

We are developing a large portfolio of projects which require substantial use of natural resources such as land, water and minerals. We take adequate care in designing our power generation plants in a manner that optimises the utilisation of land, thereby bringing down the aggregate land requirement and minimising the potential for disruption and displacement of local communities. We are also adopting cleaner technologies related

to power generation that reduce the consumption of fuel and water required for plant operations, thereby conserving precious natural resource and contributing to a greener and healthier environment.

Many of the areas in which we are implementing projects are not very well developed and it will always be our mission to contribute towards improving the quality of life of the communities living in these areas. Indeed, we believe that our success in executing large-scale generation projects is critically dependent on following a participatory development-oriented approach that strengthens our bond with the local population.

In order to achieve these objectives, we have made significant outlays in healthcare, education and livelihood opportunities for local communities.

#### Our Commitment

Our founder, the legendary Shri Dhirubhai Ambani, gave us a simple mantra: to aspire to the highest global standards of quality, efficiency, operational performance and customer care. We remain committed to upholding that vision.

Thank you, shareowners, for your continued support in our journey of delivering consistent, competitive, profitable and responsible growth. I could not be more excited about the journey ahead for Reliance Power.

Anil Dhirubhai Ambani

Chairman

## Explanatory Statement pursuant to Section 173(2) of the Companies Act, 1956 to the accompanying Notice dated July 3, 2012

#### Item No. 4

# Issue of Securities to the Qualified Institutional Buyers

The Company, a Member of the Reliance Group, is engaged in developing, constructing and operating power projects in different parts of the Country. The Company on its own and through its subsidiaries has a larged planned portfolio of power generation capacity, both operational as well as under development. In order to part finance such a large portfolio of power projects and to enhance its global competitiveness and ability to compete with the peer groups in the domestic and international markets, the Company needs to strengthen its financial position and net worth by augmenting its long term resources.

For the above purposes as also for meeting the requirements for general corporate purposes, as may be decided by the Board from time to time, it is proposed to seek the enabling authorisation of the Members of the Company in favour of the Board of Directors ("Board" which expression for the purposes of this Resolution shall include any Committee of Directors constituted / to be constituted by the Board ), without the need for any further approval from the Members, to undertake the Qualified Institutional Placement ("QIP") with the Qualified Institutional Placement ("QIP") with the Qualified Institutional Buyers ("IB"), in accordance with the provisions of Chapter VIII of the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2009, as amended from time to time ("SEBI ICDR"), as set out in the special resolution at Item No. 4 of the accompanying Notice.

In view of above, the Board may, in one or more tranches, issue, offer and allot equity shares / fully convertible debentures/ partly convertible debentures / non convertible debentures with warrants / any other securities (other than warrants), which are convertible into or exchangeable with equity shares on such date(s) as may be determined by the Board but not later than 60 months from the date of allotment (collectively referred to as "QIP Securities"). The QIP Securities proposed to be issued by the Board shall be subject to the provisions of the SEBI ICDR including the pricing, which will not be less than the average of the weekly high and low of the closing prices of the related shares quoted on the stock exchanges during the two weeks preceding the relevant date. The relevant date for the determination of applicable price for the issue of the QIP Securities shall be the date of the meeting in which the Board of the Company decides to open the proposed issue or in case of securities which are convertible into or exchangable with equity shares at a later date, the date on which the holder of such securities becomes entitled to apply for the said shares, as the case may be.

For the reasons aforesaid, an enabling special resolution is therefore proposed to be passed to give adequate flexibility and discretion to the Board to finalise the terms of the issue. The QIP Securities issued pursuant to the offering would be listed on the Indian stock exchanges.

The proposed issue of QIP Securities as above may be made in one or more tranches such that the aggregate amount raised by

the issue of QIP Securities shall not result in the increase in the issued and subscribed equity share capital of the Company by more than 25 per cent of the then issued and subscribed equity shares of the Company as on the relevant date.

The proposed Special Resolution is only enabling in nature and the Board may, from time to time, consider the extent, if any, to which the securities may be issued.

The QIP Securities issued pursuant to the offer, if necessary, may be secured by way of mortgage / hypothecation of the Company's assets as may be finalized by the Board in consultation with the Security Holders / Trustees in favour of Security Holders / Trustees for the holders of the said securities. The security that may have to be created for the purposes of this issue, as above may come within the purview of Section 293(1)(a) of the Companies Act, 1956. Necessary approval has already been accorded by Members of the Company for creation of such Security(s) by passing of resolution through postal ballot on September 1, 2007.

Section 81(1A) of the Companies Act, 1956 and Listing Agreement entered into with the Stock Exchanges, provide, *inter alia*, that where it is proposed to increase the subscribed share capital of the Company by allotment of further shares, such further shares shall be offered to the persons, who on the date of the offer are holders of the equity shares of the Company, in proportion to the capital paid-up on those shares as of that date unless the Members decide otherwise. The Special Resolution seeks the consent and authorisation of the Members to the Board of Directors to offer and issue the QIP Securities, in consultation with the Lead Managers, Legal Advisors and other intermediaries to offer and issue the QIP Securities to any persons, whether or not they are Members of the Company.

The Board of Directors accordingly recommends the special resolution set out at Item No. 4 of the accompanying Notice for the approval of the Members.

None of the Directors and Manager of the Company is, in any way, deemed to be concerned or interested in the said resolution, except to the extent of their shareholding in the Company.

### Consolidated Financial Statements

The Audited Consolidated Financial Statements based on the Financial Statements received from subsidiaries, as approved by their respective Board of Directors, have been prepared in accordance with the Accounting Standard 21 (AS-21) on "Consolidated Financial Statements" and Accounting Standard 27 (AS-27) on "Financial Reporting of Interests in Joint Ventures", notified under Section 211(3C) of the Companies Act, 1956 read with the Companies (Accounting Standards) Rules, 2006, as applicable.

## **Auditors and Auditors' Report**

M/s. Chaturvedi & Shah, Chartered Accountants and M/s. Price Waterhouse, Chartered Accountants, Auditors of the Company, hold office until the conclusion of the ensuing Annual General Meeting and are eliqible for re–appointment.

The Company has received letters from M/s. Chaturvedi & Shah, Chartered Accountants and M/s. Price Waterhouse, Chartered Accountants, to the effect that their appointment, if made, would be within the prescribed limits under Section 224(1B) of the Companies Act, 1956, and that they are not disqualified from such appointment in terms of Section 226 of the Companies Act, 1956.

The observations and comments given by Auditors in their Report read together with notes to Accounts are self explanatory and hence do not call for any further comments under Section 217 of the Companies Act, 1956.

## Particulars of Employees

In terms of the provisions of Section 217(2A) of the Companies Act, 1956 read with the Companies (Particulars of Employees) Rules, 1975, as amended, the names and other particulars of employees are set out in the Annexure to the Directors' Report. However, having regard to the provisions of Section 219(1)(b) (iv) of the Companies Act, 1956, the Annual Report excluding the aforesaid information is being sent to all the Members of the Company and others entitled thereto. Any Member interested in obtaining such particulars may write to the Company Secretary at the Registered Office of the Company.

# **Employees Stock Option Scheme**

As reported last year, the ESOS Compensation Committee had approved to grant up to 200,00,000 Options exercisable into equal number of fully paid up Equity shares of the Company to eligible Employees of the Company and its subsidiaries in accordance with the Scheme. During the year under review, the Company has not granted any Options to the employees of the Company.

# Directors' Report

The particulars as required under clause 12 of SEBI (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999, are as follows:

Sr.	Particulars	ESOS Plan 2010
a.	Total options granted	85,00,000
b.	Pricing formula decided by ESOS Compensation Committee	The exercise price is as per the Plan under the ESOS Scheme
C.	Options vested	85,00,000
d.	Options exercised	Nil
e.	Total number of equity shares arising as a result of exercise of Options	Nil
f.	Options lapsed during the year	Nil
g.	Variation of terms of Options	Nil
h.	Money realized by exercise of options during the year	Nil
i.	Total number of Options in force at the end of the year	85,00,000
j.	Employee wise details of Options granted to :	
	i. Senior Managerial personnel (i.e. Managing Director / Whole-time Director/Manager)	Nil
	ii. Employee who receives grant in any one year of option amounting to 5 % or more of option granted during the year	Nil
	iii. Identified Employees who were granted options, during any one year equal to or exceeding 1 % of the issued capital (excluding outstanding warrants and conversions) of the Company at the time of grant	Nil
k.	Diluted Earning Per Share (EPS) pursuant to issue of shares on exercise of Options calculated in accordance with Accounting Standard (AS) 20	N.A.  There would not be any fresh issue of equity shares of the Company upon exercise of Options by employees
l.	The difference between employee compensation cost using intrinsic value method and fair value of the Options and impact of this difference on	
	Profit	₹ 434 lakhs
	EPS of the Company	(₹ 0.02)
m.	Weighted average exercise prices of Options granted during the year where exercise price is less than market price	-

# Conservation of Energy, Technology Absorption and Foreign Exchange Earnings and Outgo

Information pursuant to Section 217(1)(e) of the Companies Act, 1956 read with the Companies (Disclosure of Particulars in the Report of the Board of Directors) Rules, 1988, as amended and forming part of the Directors' Report for the financial year ended on March 31, 2012:

- a. **Conservation of Energy:** Since the Company has not yet undertaken any manufacturing activity, the particulars with respect to conservation of energy are not applicable. The Company is making all efforts to conserve energy by monitoring energy costs and periodically reviews the consumption of energy. It also takes appropriate steps to reduce the consumption through efficiency in usage and timely maintenance / installation / upgradation of energy saving devices.
- b. **Technology Absorption:** The Company continuously makes efforts towards research and developmental activities and has been constantly active in harnessing and tapping the latest and best technology in the industry.
- c. Foreign Exchange Earnings and Outgo:

Total foreign exchange earnings and outgo for the financial year is as follows:

a. Total Foreign Exchange earnings : ₹ 679 lakh (Previous year ₹ 280 lakh)
b. Total Foreign Exchange outgo : ₹ 5,734 lakh (Previous year ₹ 3,873 lakh)

# Auditors' Certificate on Corporate Governance

То

The Members of Reliance Power Limited

We have examined the compliance of the conditions of Corporate Governance by **Reliance Power Limited** ('the Company'), for the year ended March 31, 2012, as stipulated in Clause 49 of the Listing Agreements of the Company with the stock exchanges in India.

The compliance of conditions of Corporate Governance is the responsibility of the Company's management. Our examination was carried out in accordance with the Guidance Note on Certification of Corporate Governance (as stipulated in Clause 49 of the Listing Agreement), issued by the Institute of Chartered Accountants of India and was limited to procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of Company.

In our opinion and to the best of our information and according to the explanation given to us, we certify that the Company has complied with the conditions of Corporate Governance as stipulated of the above mentioned listing agreements.

We further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

# Forward looking statements

Statements in this Management Discussion and Analysis of Financial Condition and Results of Operations of the Company describing the Company's objectives, expectations or predictions may be forward looking within the meaning of applicable securities laws and regulations. Forward looking statements are based on certain assumptions and expectations of future events.

The Company cannot guarantee that these assumptions and expectations are accurate or will be realized. The Company assumes no responsibility to publicly amend, modify or revise forward-looking statements, on the basis of any subsequent developments, information or events. Actual results may differ materially from those expressed in the statement. Important factors that could influence the Company's operations include cost of fuel, determination of tariff and such other charges and levies by the regulatory authority, changes in government regulations, tax laws, economic developments within the Country and such other factors.

The financial statements are prepared under historical cost convention, on accrual basis of accounting, and in accordance with the provisions of the Companies Act, 1956 (the Act) and comply with the accounting standards notified under Section 211 (3C) of the Act read with Companies (Accounting Standards) Rules, 2006. The management of Reliance Power Limited ("Reliance Power" or "the Company") has used estimates and judgments relating to the financial statements on a prudent and reasonable basis, in order that the financial statements reflect in a true and fair manner, the state of affairs and profit for the year.

The following discussions on our financial condition and result of operations should be read together with our audited consolidated financial statements and the notes to these statements included in the Annual Report.

## **Economic Outlook**

India's economic growth has slowed to 6.5 per cent in 2011–12 mainly due to weakening industrial growth affected by an uncertain global environment. With agriculture and service sectors continuing to perform well, the slowdown can be attributed almost entirely to the continuous weakening of industrial growth. The service sector continues to be a star performer as its share in GDP has climbed from 58 per cent in 2010–11 to 59 per cent in 2011–12 with a growth rate of 9.4 per cent. Similarly, agriculture and allied sectors are also estimated to achieve a growth rate of 2.5 per cent in 2011–12.

The global economic and financial crisis has had a dampening effect on cross border FDI flows and in order to maintain earlier levels of foreign investment and attract more, it is imperative to enhance India's competitiveness.

Monetary policy continued to be tightened by the Reserve Bank of India (RBI) to curb inflation which had a lagged impact and inflation fell towards the end of the year. Growth and investments were also affected by global developments, including the Greek and Euro zone debt crisis, and the continuous political turmoil in the Middle East leading to high crude oil prices and de-rating of the US economy by the rating agencies. As the fiscal year drew to a close, the economic environment showed distinct signs of improvement with inflation starting to fall in line with

the projected trajectory. The government is also expected to undertake necessary monetary policy initiatives required to boost growth and investments. The macroeconomic outlook for the fiscal year 2012–13 looks positive with modest recovery in GDP growth rate to 7.3 per cent from 6.9 per cent in 2011–12.

#### **Power Sector**

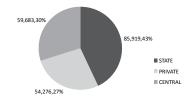

Efficient infrastructure is a pre-requisite for sustainable and inclusive economic growth and it holds the key to global competitiveness of the Indian economy. The direct corelation between electricity and economic growth is widely acknowledged. India needs power to grow and for that reason the sector presents a massive opportunity.

The private sector has underscored its central role in sustaining power sector investments, with over 50 per cent of the capacity addition in the 11th five-year plan by the private sector. The Electricity Reforms which started in the 1990s, and took greater shape with the Electricity Act 2003, have been able to attract private independent power producers and accelerated capacity addition. However, the biggest challenge facing the power sector is fuel availability and pricing. This requires immediate attention of the government and there are clear indications that the administration is seized of the matter. The other area of huge concern for the power sector is distribution reforms, which are critical for the sector to gather and maintain growth momentum. Again, there is growing realization in the government that distribution reforms cannot be delayed any further. The V.S. Shunglu committee has recommended pragmatic ways of reviving electricity distribution Companies by passing the onus of repaying loans to respective state governments, instructing the states to ramp up transmission and distribution efficiency and for an allotment of distribution areas on a franchisee basis.

# Installed generation capacity

The total installed power generation capacity of India as on March 31, 2012 was 199,877 MW of which over 27 per cent is contributed by the private sector.

# Sector wise generation capacity (in MW) as on March 31, 2012\* Sector - wise generation capacity as on 31st March 2012

India added generation capacity of 26,251 MW in FY11–12, an 85 per cent increase over the capacity addition in FY10–11. The private sector was the biggest contributor accounting for over 67 per cent of the total capacity added in FY11–12.

India has been traditionally dependent on thermal power as a source of power generation, which constitutes about 66 per cent of the current capacity. The balance is contributed by hydroelectric power (20 per cent), nuclear (2 per cent), and renewable energy (12 per cent).

With over two-third of the capacity added last year coming from coal based projects and with the capacities under construction biased towards coal based projects, India is expected to remain reliant on coal for achieving its power needs. Consequently, shortage of coal represents the biggest impediment for power generation in India.

# Generation capacity addition plans

The Government of India had set an ambitious target of adding 78,700 MW\* in the Eleventh Five Year Plan period (FY07-12). As part of a mid-term appraisal, the Planning Commission, reduced the target to 62,374 MW. In the end, a capacity of 50,805 MW was added, translating to an over 80 per cent target being achieved. While it is true that even the revised target was not met, the capacity addition during the Eleventh Plan was two and-a-half times more than what was achieved in the Tenth Plan, representing a dynamic phase for the Country's power sector on the back of increased private sector participation.

# Power generation

The total power generation in India during FY11-12 was 876.9 billion units (8.1 per cent higher than FY10-11) and was 2.6 per cent higher than the target estimates set for FY11-12.

## **Power Sector Outlook**

# Demand and supply outlook

India faces a crippling power crisis. The energy deficit in FY11-12 was 8.5 per cent and the peak power deficit was 10.6 per cent indicating a huge gap between demand and supply of electricity. Worryingly, deficits have gone up this fiscal after falling the previous two years. The following table highlights the deficit situation in the last few years:

# Power deficit scenario - all India in the period FY 05-12 (in %)

Source: CFA

<sup>\*</sup>Excluding renewable and captive generation capacity

# • Long term demand and supply outlook

According to the Ministry of Power, India's power generation has to grow five times its current capacity to deliver a sustained GDP growth of 8 per cent till FY31–32. This implies a compound annual growth rate (CAGR) of 8.2 per cent over 20 years and an average capacity addition of over 38,000 MW every year, nearly three times the capacity addition rate in the XI<sup>th</sup> Five Year Plan.

## Opportunities and threats

In the past decade, the government has taken various initiatives to increase public as well as private investments in the sector to enhance generation capacity and eliminate power deficit. After enacting the Electricity Act in 2003, the government has followed up on the reform agenda with many other policy measures to make power generation attractive for investors. The Electricity Act, 2003, requires the Central Electricity Authority (CEA) to lay out the National Electricity Plan once every five years, revising it from time to time in accordance with the National Electricity Policy. This Plan serves as a roadmap for accelerated growth of the power sector. Now 100 per cent Foreign Direct Investment (FDI) is allowed in generation, transmission and distribution segments. These policy initiatives have resulted in building up investor confidence in the power sector and increased participation by the private sector.

In order to attract further private participation in the power sector, the Government of India had announced the Ultra Mega Power Projects (UMPP) scheme under which the government would partner with the private sector for developing large power projects. The policy framework for the power sector encourages developers to put up power projects to sell power through long term Power Purchase Agreements (PPAs) at attractive and sustainable returns, and also to sell power through short term contracts (bilateral contracts) or spot markets (unscheduled interchange, power exchanges).

India needs to substantially bridge the gap between demand and supply of electricity for sustained economic growth and to kindle hope in the lives of its people and to accomplish that the Country needs all sources of power it can get access to. Clean energy from renewable sources, apart from being an environmentally friendly source of power, can also contribute to India's power needs. The potential for generating energy from renewable sources in India is enormous. This potential is currently estimated at 48,500 MW for wind energy and 25,000 MW for solar. Besides, hydroelectric capacity is estimated at 148,700 MW, of which so far only 25 per cent has become operational.

India's renewable energy capacity has gone up from 7,761 MW 2007 to 24,503 MW now-growth of over 200 per cent in just five years. With fuel shortage staring India in the face, it has become imperative for the Country to have a focused strategy for renewable energy. The government has initiated steps in this direction, including:

- Policy envisaging that all states should mandatorily meet Renewable Purchase Obligations (RPO) of 5 per cent of total generation.
- Launch of Jawaharlal Nehru National Solar Mission (JNNSM), which aims to ensure that solar energy technologies in the Country achieve grid parity by 2022. It has plans for deployment of 20 GW of solar power by 2022.

- Imposition of carbon cess of Rs. 50 per tonne for all domestic and imported coal based projects. The funds raised will be utilised to drive development in the renewable energy sector.
- Created a framework for issuance and trading of Renewable Energy Certificates (RECs) which will allow generators of renewable energy to obtain additional revenues by selling these certificates to the distribution Companies

With increasing focus on environment related issues, power projects employing clean and environment–friendly technology (hydroelectric and other renewable energy sources) are also earning carbon credits, which are traded extensively in the international market; thus providing generation Companies an additional source of revenue.

## Key risks and concerns

Power sector is a highly capital intensive business with long gestation periods before commencement of revenue streams (development and construction period of 7–8 years) and an even longer operating period (over 25 years). Since most of the projects have such a long time frame, there are some inherent risks in both the internal and external environment. The Company monitors the external environment and manages its internal environment to mitigate the concerns on a continuous basis. Some of the key concerns being faced by the sector currently are:

# 1. Coal supply position

More than 50 per cent of India's generation capacity is coal based. According to the Integrated Energy Policy, by FY31–32, India would require 2,040 million tonnes of coal for power generation, more than five times its current consumption levels. The shortage of coal is so acute that most of the power generation Companies are looking at imported coal as a viable alternative to domestic coal.

The total imported non coking coal quantity has increased more than three times within the last five years and is expected to go up at a much faster rate due to the shortage in domestic coal availability. The increase in the prices of imported coal is a matter of serious concern and there is an urgent need to undertake a review of the mechanism for passing on the increasing coal costs to end-consumers.

Realising this, the government has recently announced some policy changes and initiatives in coal mining. Currently coal blocks are awarded to private sector Companies through a Screening Committee. The government has amended the Mines and Minerals (Development and Regulation) Act, 1957, so that the allocation process by the Screening Committee is replaced by a transparent bidding process.

# 2. Gas availability position

Natural gas production in the Country has been falling continuously over the last two years primarily due to the fall in production from KG-D6 – from a high of over 60 mmscmd in 2010 to less than 30 mmscmd in 2012. This has not only resulted in a significant decrease in the operating performance of existing gas based power plants in the Country but may also impact the performance of upcoming gas based power capacities. High capacity addition of gas based power projects in the last few years

may lead to a large number of stranded assets unless a pooling mechanism is implemented by the government.

# 3. Weak financial condition of electricity distribution Companies

The financial health of electricity distribution Companies (discoms) is an area of major concern threatening the very viability of the power sector. The inability of discoms to generate adequate resources is affecting their ability to make capital investment, borrow funds at competitive rates and make timely payments. Book losses of the utilities are rising with increasing power purchase costs without commensurate increase in tariffs. Further, the Aggregate Technical and Commercial (AT&C) losses of the utilities are still at very high levels. The average of the AT&C losses reported by Indian distribution utilities is almost 30 per cent. AT&C losses in Indian utilities vary from one state to another. The cumulative losses incurred by the distribution Companies is projected to rise to Rs. 116,089 crore by FY 2014-15 assuming 2008 tariff level with no increases, according to a Mercados study for the 13th Finance Commission. In its report on discoms, Power Finance Corporation says that 35 out of the 39 utilities studied were incurring losses, and net worth of 22 utilities was found to be negative. Thus, it is imperative that regular tariff hikes are allowed, in line with the increase in costs with suitable incentives for improvement in their operational efficiencies.

#### 4. Execution risk

Power projects are highly capital intensive and have a long development and construction phase thus exposing them to various macroeconomic as well as project specific risks. During the development phase, a project faces the following key risks:

- Delays in statutory approvals and clearances from the authorities
- Delays in land acquisition
- Non-availability or delays in obtaining fuel, water and transmission linkages
- Availability and cost of capital both equity and debt funding

During the construction stage which covers the period from the commencement of construction till the commissioning of projects, the key risks that need to be monitored are:

- Delays leading to time over-runs
- Increase in project costs leading to cost over-runs
- Challenges in transportation/logistics of equipment
- Hydrological and geological risks in case of hydroelectric projects

During the construction phase, ensuring that all the supply and erection contracts are placed on time and within the cost estimates is a critical challenge and thereafter ensuring that all the vendors and contractors perform their responsibilities as envisaged is a key risk.

# Internal control systems and their adequacy

The Company has put in place internal control systems and processes commensurate with its size and scale of operations. An Enterprise Resource Planning System developed by SAP has been

implemented in the Company. The system has control processes designed to take care of various control and audit requirements. In addition, the Company has an Internal Audit function, which oversees the implementation and adherence to various systems and processes and preparation of Financial Statements as per Generally Accepted Principles and Practices. Further, the internal audit group also appoints reputed audit firms to undertake the exercise of Internal Audit at various locations. The report of the Internal Auditors is placed at the Audit Committee Meetings of the Board.

Reliance Power has put in place a Risk Management Framework, both at the corporate as well as at the project level, which provides a process of identifying, assessing, monitoring, reporting and mitigating various risks at all levels at periodic intervals. Under the framework the Company has constituted a Risk Management Committee at both the Corporate Level as well as Project Level to continuously monitor, report and mitigate various risks faced. The outcome of this monitoring is reported to the Audit Committee and to the Board of Directors on a quarterly basis.

## Discussion on Operations of the Company

The Company is in the business of setting up and operating power projects and in the development of coal mines associated with such projects. The Company has identified a large portfolio of power projects and is also developing coal mines. Reliance Power's vision is to become one of the largest integrated power generation and coal mining Companies in the world. Of the power projects which the Company is developing, 1,540 MW is already operational while the other power projects are under various stages of development.

## 1. Operational projects

# Rosa Phase 1, a 600 MW coal-based power project in Uttar Pradesh

The 600 MW power plant continued to operate at high operational and financial efficiency. For the financial year 2011–12, the plant generated 4,233 million units of electricity, generated revenue of Rs 1,931 crore and net profit of Rs 339 crore. To ensure continued efficient operations at the plant, the Company has installed world class Operations and Maintenance (0&M) systems. There is a strong 0&M team at the site supported by an experienced 0&M team at the corporate office. A training simulator which is a replica of unit distributed control system has been set up at Rosa for training operation staff at regular frequency. Employees are provided in house training as well as specialised training by the equipment manufacturer.

The Company has installed a centralised fleet wide optimisation and performance management center for monitoring, optimising and condition monitoring of assets across the power stations. Latest reliability centred maintenance techniques have been employed in Rosa which gives the project significant benefits in terms of diagnostics and preventive maintenance and reduction of outages.

# Rosa Phase 2, a 600 MW coal-based power project in Uttar Pradesh

The year 2012 saw the successful commissioning of the second phase of 600 MW of the Rosa power

project, four months ahead of schedule, resulting in a total capacity of 1,200 MW. The entire capacity is being sold to Uttar Pradesh on a regulated tariff basis and it is expected to provide electricity sufficient for 30 lakh households, thus acting as a significant catalyst for the economic development of India's largest state

# Solar Photovoltaic (PV), a 40 MW solar power project in Rajasthan

In line with its vision and commitment to become India's largest clean, energy Company, the Company successfully commissioned India's largest solar photovoltaic project, a 40 MW project in Rajasthan in March 2012. The project was built in a record time of just 129 days and will displace more than 60,000 metric tonnes of carbon dioxide emissions per year. This is the equivalent of taking 25,000 cars off the road.

# iv. Butibori, a 600 MW coal-based power project in Maharashtra

Vidarbha Industries Power Limited (VIPL), is currently developing a 600 MW coal-based power project (two units of 300 MW each) with subcritical technology located at Butibori, Maharashtra Industrial Development Corporation (MIDC) in Nagpur, Maharashtra. The first 300 MW unit has been successfully synchronized and the power plant is expected to be fully commissioned in 2012.

## 2. Projects under development and execution

Reliance Power is developing a number of large and medium sized power projects making it one of the largest portfolios of power generation assets under development in India.

These power projects are planned to be diverse in geographic location, fuel type, fuel source and off-take, and each project is planned to be strategically located near an available fuel supply or load center. The Company intends to sell the power generated from these projects under a combination of long-term and short-term PPAs to state-owned and private distribution companies and industrial consumers.

A brief on the developments on these projects follows.

# Coal-based Projects

# Sasan Ultra Mega Power Project, a 3,960 MW pithead coal-based Project in Madhya Pradesh

The project is being developed by Sasan Power Limited (SPL), a wholly owned subsidiary of Reliance Power. Reliance Power was awarded the Sasan project following an international competitive bidding process and the project will be selling power to 14 Procurers comprising seven states. The project will use coal from the captive coal blocks allocated for the project. The commissioning of the units at Sasan would commence in the financial year 2012–13. The construction activities at the project are progressing as per plans. The Company has also made significant progress in the development of coal mines allocated for the Sasan project. Coal production from the mines is expected to

commence before the commissioning of the first unit of Sasan UMPP.

# Krishnapatnam Ultra Mega Power Project, a 3,960 MW imported coal-based Project in Andhra Pradesh

Coastal Andhra Power Limited (CAPL), a wholly owned subsidiary of the Company is developing the project. Reliance Power was awarded the Krishnapatnam project following an International Competitive Bidding process and it will be selling power to 11 Procurers comprising four states. However, the project is facing issues relating to change in regulations in Indonesia and the Company had issued notice to the procurers for an amicable resolution of the issues under the Power Purchase Agreement (PPA). Since the procurers did not respond to the notice for dispute resolution, the Company has filed a statement of claim in the Indian Council of Arbitration under the Indian Arbitration and Conciliation Act 1996. The procurers on the other hand have initiated the process for terminating the PPA against which the Company is pursuing its appeal in the Delhi High court and the matter is sub-judice.

## iii. 3,960 MW coal-based power project in Madhya Pradesh

Chitrangi Power Private Limited (CPPL), a wholly owned subsidiary of Reliance Power, has plans to develop a 3,960 MW coal-based power project at Madhya Pradesh. The coal required for the project is likely to be sourced from the captive coal mines allocated to Reliance Power. The Company intends to sell the power through long term contracts.

# iv. Tilaiya Ultra Mega Power Project, a 3,960 MW pithead coal-based power project in Jharkhand

Jharkhand Integrated Power Limited (JIPL), a wholly owned subsidiary of Reliance Power is developing the Tilaiya Ultra Mega Power Project at Hazaribagh District in Jharkhand. The project was awarded to Reliance Power under international competitive bidding process and will be selling power to 18 procurers from ten states in Northern, Western and Eastern India. The project would be using coal from the captive coal mine blocks awarded along with the project.

# **Gas Based Power Projects**

# v. Samalkot Power Project, a 2,400 MW gas based project, in Andhra Pradesh

The Company is implementing, India's largest gas based power project, the 2,400 MW Samalkot project, in Andhra Pradesh and the project is awaiting allocation of gas from the government for generating power.

## Hydroelectric Power Projects

The Company is developing various hydroelectric power projects located in Arunachal Pradesh, Himachal Pradesh and Uttarakhand. These projects are in different stages of development. Hydroelectric power projects by nature have long gestation periods and require clearances from various authorities before commencement of construction activities. Some of these projects have achieved various

milestones and are likely to be developed in the next few years. The 700 MW Tato II power project in Arunachal Pradesh has received the Techno- Economic Clearance from the Central Electricity Authority.

## Renewable Power Projects

The Company has plans to have a portfolio of projects which are based on renewable energy such as Wind and Solar. Rajasthan Sun Technique Energy Private Limited (RSTEPL), a wholly-owned subsidiary, is developing a 100 MW Concentrated Solar Power project (CSP) in Jaisalmer, Rajasthan. Solar power generated from this plant will be sold to NTPC Vidyut Vyapar Nigam (NVVN). The project is scheduled for commissioning in 2013. Reliance Clean Power Private Limited, another subsidiary, is developing a 45 MW wind farm in Maharashtra which is expected to be commissioned in 2012.

### Coal Mines

The Company has been allocated coal mines in India along with the Ultra Mega Power Projects. The Company has prepared mine plans for taking out coal from these mines and the mine plans have been approved by the Ministry of Coal for producing up to 65 MTPA. The Company has also acquired coal mine concessions in Indonesia for which it is finalising plans to produce up to 30 MTPA. The development of the mines are in different stages and are linked to the schedule of the projects for which the coal would be used.

# Coal Bed Methane (CBM) Blocks

The Company has stakes in four Coal Bed Methane (CBM) blocks and one oil and gas block. Drilling work has been completed in one of the CBM blocks while exploratory work is in progress in all the blocks.

# Clean Development Mechanism (CDM)

Clean Development Mechanism (CDM) is one of the three market based mechanisms agreed under the Kyoto Protocol to reduce Greenhouse Gases (GHG). CDM encourages project developers, in the developing countries, to adopt environmental friendly technologies and/or fuels so that the GHG emissions can be reduced. Such reduced GHG emissions will enable the developers of those projects to generate Certified Emission Reductions (CERs). Such a move allows developing countries to implement GHG emission reduction projects in a manner that they assist developed countries to meet their GHG limitation targets in a cost-effective manner.

The Company has successfully registered all its three Ultra Mega Power Projects (UMPPs) with the CDM Executive Board. The three UMPPs would together generate approximately 55 million CERs in the first ten years of their respective operations.

# Health, safety and environment

The Company attaches utmost importance to safety standards at all its installations. Necessary steps are regularly undertaken to ensure the safety of employees and equipment. Both external and internal safety audits are regularly conducted. Mock drills are conducted to gauge emergency and crisis management preparedness. The Board has also constituted a committee

comprising of Independent Directors to have oversight on these issues and to monitor and report to the Board actions being taken in this regard.

# **Human Resources**

The Company has been building up its human resources for the implementation of its large power capacity addition program. The Company has over 1,200 professionals. Teams have been put in place both at the Corporate Office and in all the project locations. The Company has adopted a strategy of putting senior and experienced (in the power sector) professionals as Project Leaders and Functional Heads and teams are being built around them. Considering the fact that many of the power projects are located in remote areas, suitable compensation schemes as well as facilities for townships with education and medical facilities are being planned. The Company also has a Graduate Engineer Trainee Program under which Graduate Engineers are recruited and trained for working in Power Plants. These Graduate Engineers are recruited through a national level competition offering opportunities to all the meritorious candidates across the country. The selection process involves online screening of the candidates followed by group discussion and personal Interviews. The Company is planning to have simulators at various project locations where operational training services can be provided.

## Corporate Governance Report

# Our corporate governance philosophy

Reliance Power follows the highest standards of corporate governance principles and best practices by adopting the "Reliance Group – Corporate Governance Policies and Code of Conduct" as is the norm for all constituent companies in the group. These policies prescribe a set of systems and processes guided by the core principles of transparency, disclosure, accountability, compliances, ethical conduct and the commitment to promote the interests of all stakeholders. The policies and the code are reviewed periodically to ensure their continuing relevance, effectiveness and responsiveness to the needs of our stakeholders.

# Governance practices beyond regulatory requirements

Our governance practices go beyond the mere letter of statutory and regulatory requirements. With this in mind, we have formulated a number of policy documents and introduced the following set of governance practices:

### A. Values and commitments

We have set out and adopted policy documents on 'values and commitments' of Reliance Power. We believe that any business conduct can be ethical only when it rests on the nine core values viz. honesty, integrity, respect, fairness, purposefulness, trust, responsibility, citizenship and caring.

# B. Code of ethics

Our policy document on 'code of ethics' demands that our employees conduct the business with impeccable integrity and by excluding any consideration of personal profit or advantage.

# C. Business policies

Our 'Business Policies' cover a comprehensive range of issues such as fair market practices, insider information, financial records and accounting integrity, external communication, work ethics, personal conduct, policy on prevention of sexual harassment, health, safety. environment and quality.

# Separation of the Board's supervisory role from the executive management

In line with the best global practices, we have adopted the policy of separating the Board's supervisory role from the executive management. We have also split the offices of Chairman and the Chief Executive Officer.

# E. Prohibition of insider trading policy

This document contains the policy on prohibiting trading in the equity shares of the Company, based on inside or privileged information.

# F. Policy on prevention of sexual harassment

Our policy on prevention of sexual harassment aims at promoting a productive work environment and protects individual rights against sexual harassment.

## G. Whistle Blower policy

Our Whistle Blower policy encourages disclosure in good faith of any wrongful conduct on a matter of general concern and protects the whistle blower from any adverse personnel action.

## H. Environment policy

The Company is committed to achieving excellence in

environmental performance, preservation and promotion of clean environment. These are of fundamental concern in all our business activities. A dedicated Committee of the Board comprising of majority of Independent Directors was set up in the last year to address environmental aspects, health, safety, security, rehabilitation and resettlement of persons affected by the Company's projects. As a voluntary initiative, the above is indicative of the Company's commitment as a responsible corporate citizen to promote a clean and green environment and discharge its responsibilities to the Society.

# I. Risk management

Our risk management procedures ensure that the management controls various business related risks through means of a properly defined framework.

# J. Boardroom practices

#### i. Chairman

In line with the highest global standards of corporate governance, the Board has delinked the Chairman's role from that of an executive in managing day-to-day business affairs.

### ii. Board charter

The Board of Directors has adopted a comprehensive charter, which sets out clear and transparent guidelines on matters relating to the composition of the Board, the scope and functions of various Board committees, etc.

#### iii. Board committees

The Board has, *inter alia*, constituted the Audit Committee, Nomination/Remuneration Committee, Shareholders/Investors Grievance Committee and Environment, Health, Safety, Security, Rehabilitation and Resettlement Committee. The Board rotates the Chairmen of these Committees.

# iv. Tenure of independent Director

Tenure of independent Directors on the Board of the Company shall not extend beyond nine years, subject to their re-appointment on retirement by rotation as per statutory provisions.

# v. Independent Director's interaction with shareholders

Member(s) of the Shareholders / Investors Grievance Committee interact with shareholders on their suggestions and queries, if any, which are forwarded to the Company Secretary.

# vi. Lead independent Director

Recognizing the need for a representative and spokesperson for the independent Directors, the board has appointed an independent Director as the lead independent Director.

The lead independent Director performs the following roles, in addition to playing the role of a non-executive independent Director:

- a. presides over all executive sessions of the Board's independent Directors;
- works closely with the Chairman to finalise the information flow, meeting agendas and meeting schedules;

- liaises between the Chairman and the independent Directors on the Board; and
- d. takes a lead role along with the Chairman, in the Board evaluation process.

Dr. Yogendra Narain is the lead independent Director as designated by the Board. The position of the lead independent Director is rotated.

# vii. Training of Board Members

The Board members are periodically given formal orientation and training with respect to the Company's vision, strategic direction, core values including ethics, corporate governance practices, financial matters and business operations. The Directors are facilitated to get familiar with the Company's functions at the operational levels. Periodic presentations are made at the Board and Committee Meetings, on business and performance updates of the Company, global business environment, business strategy and risks involved. The Board members are also provided with the necessary documents/brochures, reports and internal policies to enable them to familiarize themselves with the Company's procedures and practices.

Periodic updates and training programs for Board members are also conducted on relevant statutory changes and landmark judicial pronouncements encompassing important laws.

# viii. Meeting of independent Directors with operating

The independent Directors of the Company meet in executive sessions with the various operating teams as and when they deem necessary. These discussions may include topics such as, operating policies and procedures, risk management strategies, measures to improve efficiencies, performance and compensation, strategic issues for Board consideration, flow of information to Directors, management progression and succession and others as the independent Directors may determine. During these executive sessions, the independent Directors have access to members of management and other advisors, as the independent Directors may determine and deem fit.

## ix. Commitment of Directors

The meeting dates for the entire financial year are scheduled at the beginning of the year and an annual calendar of meetings of the board and its committees is circulated to the Directors. This enables the Directors to plan their commitments and facilitates their attendance at the meetings of the board and its committees.

# K. Governance practices being followed to promote the interests of our stakeholders

We have introduced several trend setting governance practices to improve stakeholders satisfaction. Some of the major ones among them are:

# i. Employees

In our relentless pursuit of driving, 'operational excellence', and our resolve to make Reliance Power a "Great Place to Work", we focus on evolving efficient

and agile organization structures, relentlessly driving capability, leadership and culture building and acquiring, developing and retaining high quality talent. We review and revise our HR policies constantly to align them to the market and industry benchmarks, making them increasingly transparent and employee–friendly. These policies have been extensively communicated to employees and automated.

We have a dedicated service portal which offers various online HR services and facilities to employees. Some of these facilities are; details of current and past salaries, income-tax computations, attendance and leave management, goal setting with relevant Key Performance Indicators (KPIs), potential assessment module, performance evaluation system, feedback mechanism, reward and recognition policy, grievance redressal system, exit interviews, training and development module, etc.

We regularly conduct an employee engagement survey through an independent external organization aimed to identify the areas of strengths as well as those which need improvement. The results of this survey are communicated to all employees and appropriate action is initiated to enhance employee satisfaction based on their feedback. As a means of providing accelerated career growth to high performing talent, we have a pilot program of assessment centers, wherein employees who have a proven track record are put through a rigorous assessment program for higher roles.

We have institutionalised a leadership development process, linked to Reliance DNA & leadership competencies, which identifies high potential talent on a periodic basis and provides necessary learning interventions to help them take on larger responsibilities and roles.

#### ii. Shareholders

The Company recognizes the importance of twoway communication with shareholders and of giving a balanced report of results and progress and responds to questions and issues raised in a timely and consistent manner. To ensure this, the Company's corporate website; www.reliancepower.co.in has information for institutional and retail shareholders alike. Shareholders seeking information may contact the Company directly throughout the year. They also have an opportunity to ask questions in person at the Annual General Meeting. Shareholders can contact RPower via dedicated shareholders contact points as provided in this report or through any of Investor Service Centers of the Company's Registrar and Transfer Agent spread in more than 80 cities across India, details of which are available on the Company's website.

# iii. Lenders

The Company has been prompt in honouring all debt obligations to its lenders.

# iv. Society

The Company, in keeping with its Corporate Social Responsibility policy, focuses on healthcare, education,

and other social initiatives. As part of the above initiative, a dedicated Committee of the Board addresses issues relating to the environment, health, safety, security and rehabilitation and resettlement of persons affected at the Company's project sites.

## L. Role of the Company Secretary in Governance Process

The Company Secretary plays a key role in ensuring that the Board procedures are followed and regularly reviewed. The Company Secretary ensures that all relevant information, details and documents are made available to the Directors and senior management for effective decision making at the meetings. The Company Secretary is primarily responsible to ensure compliance with applicable statutory requirements and is the interface between the management and regulatory authorities for governance matters. All the Directors of the Company have access to the advice and services of the Company Secretary.

# M. Independent Statutory Auditors

The Company's accounts are audited by a panel of two independent audit firms namely:

- i. M/s Price Waterhouse, Chartered Accountants
- ii. M/s Chaturvedi & Shah, Chartered Accountants

# Compliance with the code and rules of Luxembourg Stock Exchange

The Global Depository Receipts (GDRs) issued by the Company are listed on the Luxembourg Stock Exchange (LSE). The Company has reviewed the code on corporate governance of LSE, though the same is not applicable to the Company. However, the Company's corporate governance practices conform to these codes and rules.

# Compliance with clause 49 of the listing agreement

#### **Auditors' Report on Financial Statements**

#### To The Members of Reliance Power Limited

- 1. We have audited the attached Balance Sheet of Reliance Power Limited (the "Company") as at March 31, 2012, and the related Statement of Profit and Loss and Cash Flow Statement for the year ended on that date annexed thereto, which we have signed under reference to this report. These financial statements are the responsibility of the Company's Management. Our responsibility is to express an opinion on these financial statements based on our audit.
- 2. We conducted our audit in accordance with the auditing standards generally accepted in India. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by Management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
- 3. As required by the Companies (Auditor's Report) Order, 2003, as amended by the Companies (Auditor's Report) (Amendment) Order, 2004 (together the "Order"), issued by the Central Government of India in terms of sub-section (4A) of Section 227 of 'The Companies Act, 1956' of India (the 'Act') and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the Order.
- 4. Further to our comments in the Annexure referred to in paragraph 3 above, we report that:
  - (a) We have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit;
  - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
  - (c) The Balance Sheet, Statement of Profit and Loss and Cash Flow Statement dealt with by this report are in agreement with the books of account;

- (d) In our opinion, the Balance Sheet, Statement of Profit and Loss and Cash Flow Statement dealt with by this report comply with the accounting standards referred to in sub-section (3C) of Section 211 of the Act;
- (e) On the basis of written representations received from the directors, as on March 31, 2012 and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2012 from being appointed as a director in terms of clause (g) of subsection (1) of Section 274 of the Act;
- (f) In our opinion and to the best of our information and according to the explanations given to us, the said financial statements together with the notes thereon and attached thereto give, in the prescribed manner, the information required by the Act, and give a true and fair view in conformity with the accounting principles generally accepted in India:
  - in the case of the Balance Sheet, of the state of affairs of the Company as at March 31, 2012;
  - (ii) in the case of the Statement of Profit and Loss, of the profit for the year ended on that date; and
  - (iii) in the case of the Cash Flow Statement, of the cash flows for the year ended on that date.

#### **Annexure to Auditors' Report**

# Referred to in paragraph 3 of the Auditors' Report of even date to the members of Reliance Power Limited on the financial statements as of and for the year ended March 31, 2012

- i. (a) The Company is maintaining proper records showing full particulars, including quantitative details and situation, of fixed assets.
  - (b) The fixed assets of the Company have been physically verified by the Management during the year and no material discrepancies have been noticed on such verification. In our opinion, the frequency of verification is reasonable.
  - (c) In our opinion, and according to the information and explanations given to us, a substantial part of fixed assets has not been disposed off by the Company during the year.
- ii. On the basis of our examination of the inventory records, in our opinion, the Company is maintaining proper records of inventory. No physical verification has been performed as at year end, as there is no closing balance.
- iii. The Company has not granted nor taken any loans, secured or unsecured, to companies, firms or other parties covered in the register maintained under Section 301 of the Act. Therefore, the provisions of Clause 4(iii)[(b),(c) and (d) /(f) and (g)] of the said Order are not applicable to the Company.
- iv. In our opinion, and according to the information and explanations given to us, there is an adequate internal control system commensurate with the size of the Company and the nature of its business for the purchase of fixed assets and inventory and for the sale of services. Further, on the basis of our examination of the books and records of the Company, and according to the information and explanations given to us, we have neither come across, nor have been informed of, any continuing failure to correct major weaknesses in the aforesaid internal control system.
- (a) According to the information and explanations given to
  us, there have been no contracts or arrangements that
  need to be entered in the register maintained under
  Section 301 of the Act.
  - (b) In our opinion, and according to the information and explanations given to us, there are no transactions made in pursuance of such contracts or arrangements exceeding the value of Rupees Five Lakhs in respect of any party during the year.
- vi. The Company has not accepted any deposits from the public within the meaning of Sections 58A and 58AA of the Act and the rules framed there under.
- vii. In our opinion, the Company has an internal audit system commensurate with its size and the nature of its business.
- viii. The Central Government of India has not prescribed the maintenance of cost records under clause (d) of subsection (1) of Section 209 of the Act for any of the services provided by the Company.
- x. (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is generally regular in depositing undisputed statutory dues including provident fund, employees' state insurance, incometax, sales- tax, wealth tax, service tax, customs duty and other material statutory dues, as applicable, with the appropriate authorities. There are no undisputed amounts payable in respect of such applicable statutory dues as at March 31, 2012 for a period of more than six months from the date they became payable.
  - (b) According to the information and explanations given to us and the records of the Company examined by us, there are no dues of income-tax, sales-tax, wealthtax, service-tax, customs duty, and excise duty which have not been deposited on account of any dispute.

- x. The Company has no accumulated losses as at the end of the financial year and it has not incurred any cash losses in the financial year ended on that date or in the immediately preceding financial year.
- xi. According to the records of the Company examined by us and the information and explanation given to us, the Company has not defaulted in repayment of dues to any financial institution or bank or debenture holders as at the balance sheet date.
- xii. The Company has not granted any loans and advances on the basis of security by way of pledge of shares, debentures and other securities. Therefore, the provisions of Clause 4(xii) of the Order are not applicable to the Company
- xiii. As the provisions of any special statute applicable to chit fund/ nidhi/ mutual benefit fund/ societies are not applicable to the Company, the provisions of Clause 4(xiii) of the Order are not applicable to the Company.
- xiv. In our opinion, the Company is not dealing in or trading in shares, securities, debentures and other investments. Accordingly, the provisions of Clause 4(xiv) of the Order are not applicable to the Company.
- xv. In our opinion, and according to the information and explanations given to us, the terms and conditions of the guarantees given by the Company for loans taken by others from banks or financial institutions during the year, are not prejudicial to the interest of the Company.

# 1) General information

Reliance Power Limited ("the Company") together with its subsidiaries ("Reliance Power group") is primarily engaged in the business of generation of power. The projects under development include coal, gas, hydro, wind and solar based energy projects. The portfolio of Reliance Power group also includes three ultra mega power projects (UMPP) of 3,960 MW each.

# 2) Abridged financial statement

The abridged financial statements have been prepared pursuant to Rule 7A of the Companies (Central Government's) General Rules and Forms, 1956 as per notification F. No. 17/51/2012-CL-V, dated May 31, 2012 and are based on the annual financial statements for the year ended March 31, 2012 approved by the Board of Directors at their meeting held on May 24, 2012.

#### 3) (Note 2 of notes to financial statements)

#### Significant accounting policies:

#### (a) Basis of accounting

The financial statements have been prepared on an accrual basis of accounting and in accordance with the generally accepted accounting principles in India, provisions of the Companies Act, 1956 (the Act) and comply in material aspects with the accounting standards notified under Section 211 (3C) of the Act, read with Companies (Accounting Standards) Rules, 2006.

#### (b) Use of estimates

The preparation and presentation of financial statements requires estimates and assumptions and/or revised estimates and assumptions to be made that affect the reported amount of assets and liabilities and disclosure of contingent liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Differences between the actual results and estimates are recognised in the period in which the results are known/materialise.

#### (c) Tangible assets and Capital work-in-progress:

- (i) The gross block of tangible assets are stated at cost of acquisition or construction, including any cost attributable to bringing the assets to their working condition for their intended use.
- (ii) All project related expenditure viz, civil works, machinery under erection, construction and erection materials, preoperative expenditure incidental/attributable to construction of project, borrowing cost incurred prior to the date of commercial operation and trial run expenditure are shown under Capital Work-in-Progress. These expenses are net of recoveries and income (net of tax) from surplus funds arising out of project specific borrowings.
- (iii) Any exchange differences arising on long term foreign currency monetary items on revaluation or settlement at the rate different from the one which were previously reported, in so far as it relates to depreciable capital assets are added/deducted from cost of such assets.

### (d) Intangible assets:

- (i) Intangible assets are recognised where it is probable that the future economic benefit attributable to the assets will flow to the Company and its cost can be reliably measured.
- (ii) Expenditure incurred on acquisition/development of intangible assets which are not put/ready to use at the reporting date is disclosed under intangible assets under development.

# (e) Depreciation/Amortisation:

(i) Tangible assets:

Tangible assets are depreciated under the straight line method as per the rates and in the manner prescribed under Schedule XIV of the Companies Act, 1956.

(ii) Intangible assets:

Software expenses are amortised over a period of three years.

#### (f) Investments:

Long-term investments are stated at cost less provision for diminution other than temporary, if any, in the value of such investments. Current investments are valued at lower of cost and fair value.

#### (q) Provisions and contingent liabilities:

**Provisions:** Provisions are recognised when the Company has a present legal obligation, as a result of past events, for which it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made for the amount of the obligation.

**Contingent liabilities:** Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. A present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or reliable estimate of the amount cannot be made, is also termed as contingent liability.

#### (h) Impairment of assets

The Company assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. If such recoverable amount of the asset or recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised along with depreciation in the Statement of Profit and Loss.

# (i) Borrowing costs

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use. All other borrowing costs are charged to revenue.

#### (j) Foreign currency transactions:

- (i) Foreign currency transactions are initially accounted at the exchange rates prevailing on the dates of the transactions / exchange rate at which the transaction is actually effected.
- (ii) All exchange differences arising on reporting of short term foreign currency monetary items at rates different from those at which they were initially recorded are recognised in the Statement of Profit and Loss.
- (iii) In respect of foreign exchange differences arising on revaluation or settlement of long term foreign currency monetary items, the Company has availed the option available in the Companies (Accounting Standards) (Second Amendment) Rules 2011, wherein:
  - Foreign exchange differences on account of depreciable asset, is adjusted in the cost of depreciable asset and the charge of depreciation is accordingly increased / reduced.
  - In other cases, foreign exchange differences are accumulated in "Foreign Currency Monetary Item Translation difference Account" and amortised over the balance period of such long term assets/liabilities.
- (iv) Non-monetary items denominated in foreign currency are stated at the rates prevailing on the date of the transactions / exchange rate at which transaction is actually effected.

#### (k) Revenue recognition

- (i) Income from fuel handling and service charges is recognised on the basis of services rendered as per the terms of contract. Revenue on trading of coal rejects is recognised on transfer of property to the buyers for consideration.
- (ii) Service income represents income from support services recognised as per the terms of the service agreements entered into with the respective parties.
- (iii) Profit on sale/redemption of investments is accounted on sale/redemption of such investments. Interest income on fixed and inter-corporate deposit is recognised on time proportionate basis. Dividend is recognised when the right to receive is in Company's favour. Income on fixed maturity plan of mutual fund is recognised on an accrual basis based on the net asset values on the reporting date taking into consideration the principles of reasonable certainty.
- (iv) Dividend income from subsidiaries has been recognised when the Company has established the right to receive the same on or before the balance sheet date.

# (l) Employee benefits:

(i) Short term employee benefits:

All employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits. The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are charged off to the Statement of Profit and Loss.

(ii) Defined contribution plans:

Contributions to defined contribution schemes such as provident fund, superannuation, etc. are charged off to the Statement of Profit and Loss during the year in which the employee renders the related service.

(iii) Defined benefit plans:

The Company also provides employee benefits in the form of gratuity and leave encashment, the liability for which as at the year end is determined by an independent actuary based on actuarial valuation using the projected unit credit method. Such defined benefits are charged off to the Statement of Profit and Loss. Actuarial gains and losses are recognised immediately in the Statement of Profit and Loss.

#### (m) Employee stock option scheme (ESOS)

The employees of the Company and independent directors are entitled for grant of stock options (equity shares), based on the eligibility criteria set in ESOS plan of the Company. The employee compensation expenses are accounted on the basis of "intrinsic value method". The excess, if any, of quoted market price over the exercise price on the date of grant would be recognised as compensation cost over the vesting period. The Company recognises compensation cost on the basis of estimated number of stock options expected to vest. Subsequently, if there are any indications resulting in a difference in the number of stock options expected to vest, the Company revises its previous estimate and accordingly recognises/(reverses) compensation cost on employee service.

#### (n) Accounting for taxes on income

Provision for current tax is made after taking into consideration benefits admissible under the provisions of the Income Tax Act. 1961.

Deferred tax resulting from "timing differences" between book and taxable profit is accounted for using the tax rates and laws that have been enacted or substantively enacted as on the balance sheet date. The deferred tax asset is recognised and carried forward only to the extent that there is a reasonable certainty that the assets will be realised in future. However in respect of unabsorbed depreciation or carry forward loss, the deferred tax asset is recognised and carried forward only to the extent that there is a virtual certainty that the assets will be realised in future.

#### (o) Cash and cash equivalents

In the cash flow statements, cash and cash equivalents include cash in hand, demand deposits with banks, other short-term highly liquid investments, with original maturities of three months or less.

#### (p) Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as issue of bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

#### 4) (Note 4 of notes to financial statements)

#### (a) Contingent liabilities

- Counter guarantees / Bank guarantees issued on behalf of subsidiary companies aggregating to Rs. 243,839 lakhs (Previous Year Rs. 264,675 lakhs).
- Refer note 15 with respect to Coastal Andhra Power Limited.

#### (b) Capital commitments

Estimated amount of contracts remaining unexecuted on capital account (net of advances paid) and not provided for Rs. 174 lakhs (Previous Year Rs. 290 lakhs).

#### (c) Other commitments:

The Company has ongoing commitments given to lenders or procurers of power or other regulatory authorities to extend support and provide equity in respect of various projects undertaken by the respective subsidiaries, wherein the amounts of investment would vary considering the project cost and debt equity ratio agreed with the respective lenders.

#### General reserve (arisen pursuant to various schemes)

- a) The General Reserve of Rs. 111,503 lakhs had arisen pursuant to the composite scheme of arrangement between the Company, Reliance Natural Resources Limited, erstwhile Reliance Futura Limited and four wholly owned subsidiaries viz. Atos Trading Private Limited, Atos Mercantile Private Limited, Reliance Prima Limited and Coastal Andhra Power Infrastructure Limited. The said scheme has been sanctioned by Hon'ble High Court of Judicature at Bombay vide order dated October 15, 2010.
- b) The General Reserve of Rs. 18,707 lakhs had arisen pursuant to the scheme of amalgamation with erstwhile Sasan Power Infraventure Private Limited, sanctioned by the Hon'ble High Court of Bombay vide order dated April 29, 2011. The scheme was effective from January 01, 2011.
- c) The General Reserve of Rs. 22,984 lakhs has arisen pursuant to the scheme of amalgamation (Refer note 11) with Sasan Power Infrastructure Limited, sanctioned by the Hon'ble High Court of Bombay, vide order dated December 23, 2011. The scheme was effective from September 01, 2011.

All the above General Reserves are reserves which arose pursuant to the above Schemes and shall not be and shall not for any purpose be considered to be a reserve created by the Company.

#### 7) (Note 9 of notes to financial statements)

# 4.928% Convertible Bonds (FCCBs)

Reliance Natural Resources Limited (RNRL) had issued FCCBs of USD 300,000,000 vide letter of offer dated October 12, 2006. The FCCBs were transferred to the Company in terms of Composite Scheme of Arrangement sanctioned by the High Court of Bombay on October 15, 2010. FCCBs were secured by the issuance of an irrevocable letter of credit to the trustee on behalf of the FCCB holders by Barclays Bank Plc. FCCBs were due for redemption on October 17, 2011. FCCB holders were eligible for conversion of FCCB to equity share at Rs. 104 per share for every fully paid equity share of Rs. 10 each to be issued by the Company on exercise of the option. During the year till the due date of redemption, no FCCBs were converted into equity shares and the Company has redeemed the outstanding FCCBs by fully repaying the FCCB holders.

#### 8) (Note 10 of notes to financial statements)

### Accounting under composite scheme of arrangement

In the previous year, the Composite Scheme of Arrangement ('Scheme') under Section 391 to 394 of the Act read with Sections 78, 100 to 103 of the Act between the Company, Reliance Natural Resources Limited, erstwhile Reliance Futura Limited and four wholly owned subsidiaries viz. Atos Trading Private Limited, Atos Mercantile Private Limited, Reliance Prima Limited and Coastal Andhra Power Infrastructure Limited, was sanctioned by Hon'ble High Court of Judicature at Bombay vide order dated October 15, 2010.

As per the terms defined in the Scheme, General reserve of the Company is a free reserve available for all purposes as the Board of directors may determine from time to time, including but not limited to meeting any loss incurred due to variation in exchange rates which are beyond the control of the Company. The Scheme also specifies that any use of General reserve shall be reflected in Statement of Profit and Loss against the item for which General Reserve is used.

The Company, based on a legal opinion and as per the approval of board of directors has offset the loss amounting to Rs. 13,588 lakhs incurred due to exchange variation on settlement of FCCBs, by withdrawing an equivalent amount from General Reserve. The Management has been legally advised that the disclosure of said accounting in the Statement of Profit and Loss is in compliance with revised Schedule VI of the Companies Act, 1956.

Had the Scheme not prescribed the utilization of General Reserve by an equivalent amount of credit to Statement of Profit and Loss towards the exchange loss, the profit before tax of the Company would have been lower by Rs.13,588 lakhs and the General Reserve would have been higher to that extent.

#### 9) (Note 11 of notes to financial statements)

#### Scheme of amalgamation between Company and Sasan Power Infrastructure Limited

Sasan Power Infrastructure Limited (SPIL), a wholly owned subsidiary of the Company, incorporated with the main object to operate, install, develop, promote and maintain projects in infrastructure sectors including setting up power plants etc., was amalgamated into the Company pursuant to the Scheme of Amalgamation (Scheme), as on and from September 1, 2011, being the appointed date pursuant to the approval of Board of Directors of the Company and sanctioned by the Hon'ble High Court of Judicature at Bombay vide its order dated December 23, 2011 which was filed with the Registrar of Companies on February 23, 2012.

The Company has carried out the accounting treatment prescribed in the Scheme as approved by the Hon'ble High Court of Judicature at Bombay. The required disclosures as per paragraph 42 of Accounting Standard 14 (AS 14) 'Accounting for Amalgamations' as prescribed under the Companies (Accounting Standards) Rules, 2006 have been provided. Further, the Company has also been legally advised that the accounting treatment including disclosure under Revised Schedule VI carried out is in line with the Scheme approved by the Hon'ble Court of Judicature at Bombay and is not in violation of any applicable rules and regulations.

Hence, in accordance with the Scheme:

- a) The Company has taken over all the assets aggregating to Rs. 28,006 lakhs and liabilities aggregating to Rs. 5,022 lakhs at their respective book values. The difference aggregating to Rs. 22,984 lakhs being the excess arising on transfer of assets and liabilities has been treated as General Reserve (arising pursuant to the Scheme).
- b) No consideration is payable or receivable on implementation of the Scheme as the Scheme involves a wholly owned subsidiary. The entire issued, subscribed and paid up capital of the subsidiary has been cancelled and no shares have been allotted or exchanged in lieu of the same.
- c) Investments in equity share capital of SPIL amounting to Rs. 20,005 lakhs has been written off in the Statement of Profit and Loss and an equivalent amount has been withdrawn from General Reserve vide board approval dated May 24, 2012, to off-set the said write off and the same has been credited to Statement of Profit and Loss.

Had the Scheme not prescribed the above accounting treatments, the treatment in accordance with AS 14 under purchase method would have been Rs. 22,984 lakhs, being the excess arising on transfer of assets and liabilities treated as General Reserve (arising pursuant to the Scheme), would have been treated as Capital Reserve. Also, Rs. 20,005 lakhs being the investment of the Company (share capital plus securities premium) in SPIL debited to Statement of Profit and Loss, would have been debited to Capital Reserve, and Rs. 20,005 lakhs withdrawn from General Reserve would not have been withdrawn.

The above accounting treatment as per the Scheme does not have a material impact on the Profit for the year and on the net worth of the Company.

#### 10) (Note 12 of notes to financial statements)

#### Change in accounting policy (Income on fixed maturity plan of mutual fund)

During the year, based on legal opinion, the Company has changed its accounting policy for income on fixed maturity plans of mutual funds, from recognising it at the time of maturity to recognising it on an accrual basis based on the net asset value as on the reporting date considering the principles of reasonable certainty. Had the Company followed the earlier accounting policy, Profit before tax would have been lower by Rs. 1,988 lakhs.

### 11) (Note 13 of notes to financial statements)

#### Employees Stock Option Scheme (ESOS):

Pursuant to the approval accorded by the Shareholders on September 30, 2007 under Section 81(1A) of the Companies Act,1956, the Company has administered and implemented Employee Stock Option Scheme (ESOS) in terms of the Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines,1999 (Guidelines). The Board of Directors of the Company has constituted its ESOS compensation committee to operate and monitor the ESOS scheme which is administered through ESOS Trust.

The ESOS compensation committee of the Board of Directors of the Company approved a grant of 20,000,000 stock options to the eligible employees of the Company and its subsidiaries on May 8, 2010. The options are granted to the employees of the Company and its subsidiaries on satisfying the performance and other eligibility criteria set out in ESOS Plan. In accordance with the scheme, each option entitles the employee to apply for one fully paid equity share of Rs. 10 of the Company at an exercise price of Rs. 162 per share. The vesting period of options will commence on expiry of one year from the grant date and all the options granted shall vest immediately. The vested options can be exercised by the eligible employees over a period of nine years from the date of vesting.

The Company has opted for accounting the Compensation expenses under 'Intrinsic Value Method'. The closing market price on the date of grant was Rs. 140.20 per share at National Stock Exchange (being the latest trading price with highest trading

# Notes to the Abridged financial statements for the year ended March 31, 2012

volume). As the exercise price of the share is more than market price, the Company has not accounted for any compensation cost. The Company has advanced Rs. 14,000 lakhs (disclosed under Note 3.11 Long term loans and advances) to the ESOS trust for purchase of equity shares from the market. The ESOS trust has purchased 8,500,000 shares from the given advance.

The fair value of option granted was determined under Binomial Option Pricing – Hull & White Model. The details pertaining to number of options, weighted average price and assumptions considered for fair value are disclosed below:

Particulars	Option details	
Weighted average share price	Rs. 140.20	
Exercise price	Rs. 162.00	
Expected volatility	41.88%	
Vesting period	One year	
Exercise period	7.25 Years	
Risk free interest rate	7.74%	
Expected dividend	-	
Fair Value of option	Rs. 50.42	
	2011-12	2010-11
Opening balance of options	8,500,000	
Options granted during the year	-	8,500,000
Vested during the year	8,500,000	-
Exercised during the year	-	-
Closing balance of options	8,500,000	8,500,000

The expected volatility was determined based on the volatility of the equity share for the period of one year prior to issue of the option.

Had the Company opted for accounting of Compensation cost under 'Fair value Method', Profit after tax would have been lower by Rs. 434 lakhs (Previous year: Rs. 3,851 lakhs) and Earnings per share (Basic and diluted) would have been Rs.1.09 (Previous year: Rs. 0.91)

#### 12) (Note 14 of notes to financial statements)

#### Project Status of Dadri Project:

- a) The Company is developing a 7,480 MW gas-fired power project to be located at the Dhirubhai Ambani Energy City in Dehra village, Dadri, Uttar Pradesh. The State of Uttar Pradesh in the year 2004 had acquired 2,100 acres of land and conveyed the same to the Company in the year 2005. While the State was in the process of acquiring further 400 acres of land for the project, a few land owners had filed writ petitions before the Allahabad High Court challenging the acquisition process under the Land Acquisition Act, 1894 ("the Act"). The Allahabad High Court has disposed of the writ petitions upholding the Section 4 notification and directed compliance with certain procedures relating to land acquisition that were left out earlier by the State Government. The Company has filed an appeal against the Allahabad High Court order which is now pending before Supreme Court. Few land owners have also filed appeals/petitions before the Supreme Court challenging Allahabad High Court's order upholding the Section 4 notification and alleging highhanded and forceful actions during the acquisition process, which are pending.
- b) The construction and other allied activities at Dadri project will be commenced as soon as the gas supply is firmed up and on settlement of land issues. Considering the delay in the project execution, due to litigation as stated above, the Company as a matter of prudence, has written off the incidental expenditure amounting to Rs. 2,778 lakhs in the Statement of Profit and loss.

#### 13) (Note 15 of notes to financial statements)

#### Project status of Coastal Andhra Power Limited (CAPL)

CAPL, a wholly owned subsidiary, has been set up to develop an Ultra Mega Power Project (UMPP) of 3,960 MW located in Krishnapatnam, District Nellore, based on imported coal sourced from Indonesia.

The Government of Indonesia introduced a new regulation in September 2010 which prohibits sale of coal, including sale to affiliate companies, at below Benchmark Price which is linked to international coal prices and requires adjustment of sale price every 12 months. This regulation also mandates to align all existing long-term coal supply contracts with the new regulations within one year i.e. by September 2011.CAPL had entered into a firm price fuel supply agreement with Reliance Coal Resources

Private Limited (RCRPL), a wholly owned subsidiary of the Company. In view of this new regulation, RCRPL now needs to supply coal at the market price, because of which an element of uncertainty has arisen in the fuel supply for the CAPL project, wherein the power needs to be supplied at a pre-agreed tariff as per the terms of Power Purchase Agreement (PPA) dated March 23, 2007. The said issue has been communicated to the power procurers and also to the Government of India through the Association of Power Producers to arrive at a suitable solution to the satisfaction of all the stakeholders.

Notwithstanding the above, considering the terms of PPA, CAPL has issued a dispute resolution notice to the procurers of power under the force majeure clause of the PPA, considering the change in Indonesian regulations as an event of force majeure. The procurers of power under the terms of PPA have also issued a notice for termination of PPA and have raised a demand for liquidated damages of Rs.40,000 lakhs (including bank guarantee of Rs. 30,000 lakhs), which has been disclosed under contingent liability.

CAPL has filed a petition before the Hon'ble High Court at Delhi inter alia for interim relief under Section 9 of the Arbitration and Conciliation Act, 1996. The Court vide its order dated March 20, 2012 has granted such relief and prohibited the Procurers from taking any coercive steps against CAPL.

Based on the legal opinion obtained with regard to applicability of force majeure clause for the change in law in Indonesia and considering the nature of expenditure incurred till date at the project, no provision for impairment is considered in respect of investment made by the Company and for demands raised by the procurers of power.

#### 14) (Note 16 of notes to financial statements)

### Disclosure under Accounting Standard 15 (revised 2005) "Employee Benefits" (AS-15)

The Company has classified various employee benefits as under:

#### Defined contribution plans

- (a) Provident fund
- (b) Superannuation fund
- (c) State defined contribution plans
  - Employees' Pension Scheme 1995

The provident fund and the state defined contribution plan are operated by the regional provident fund commissioner and the superannuation fund is administered by the trust. Under the schemes, the Company is required to contribute a specified percentage of payroll cost to the retirement benefit schemes to fund the benefits.

The Company has recognised the following amounts in the Statement of Profit and Loss for the year:

		Rupees in Lakhs
	Year ended	Year ended
	March 31, 2012	March 31, 2011
(a) Contribution to provident fund	135	191
(b) Contribution to employees' superannuation fund	26	33
(c) Contribution to employees' pension scheme 1995	6	18

### Defined benefit plans

- (a) Gratuity
- (b) Leave encashment

Leave encashment is payable to eligible employees who have earned leave, during the employment and/or on separation as per the Company's policy.

Valuations in respect of gratuity and leave encashment have been carried out by an independent actuary, as at the Balance Sheet date, based on the following assumptions:

	2011-2012		2010	)-2011
	Gratuity	Leave	Gratuity	Leave
		encashment		encashment
Discount rate (per annum)	8.50%	8.50%	8.25%	8.25%
Rate of increase in compensation levels	7.50%	7.50%	7.50%	7.50%
Rate of return on plan assets	8.25%		8.25%	
Expected average remaining working lives of employees in number of years	9.43		9.44	

The estimate of rate of escalation in salary considered in actuarial valuation takes into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market.

#### Segment Reporting:

The Company operates in two business segments i.e. Power generation and Associated business activities (termed as "Others"). Associated business activities include project management, supervision and support services for generation and allied processes. Business segments have been identified as reportable primary segment in accordance with Accounting Standard 17 'Segment Reporting' as prescribed under Companies (Accounting Standards) Rules, 2006, taking into account the organisational and internal reporting structure as well as evaluation of risk and return for these segments. Segment reporting policies are in line with the accounting policies of the Company. Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment. Revenue, expenses, assets and liabilities which relate to the Company as a whole and are not allocable to segments on reasonable basis have been included as "un-allocable".

**Geographical Segments:** The Company's operations are mainly confined within India and as such there are no reportable geographical segments.

#### Auditors' Report on the Consolidated Financial Statements

#### То The Board of Directors of Reliance Power Limited

- We have audited the attached consolidated balance sheet of Reliance Power Limited (the "Company") and its subsidiaries and its jointly controlled operations; hereinafter referred to as the "Group" (refer note 2 (II) to the attached consolidated financial statements) as at March 31, 2012, the related consolidated Statement of Profit and Loss and the consolidated Cash Flow Statement for the year ended on that date annexed thereto, which we have signed under reference to this report. These consolidated financial statements are the responsibility of the Company's management and have been prepared by the management on the basis of separate financial statements and other financial information regarding components. Our responsibility is to express an opinion on these financial statements based on our audit.
- We conducted our audit in accordance with the auditing standards generally accepted in India. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
- Price Waterhouse did not audit the financial statements and other financial information of twenty three subsidiaries included in the consolidated financial statements, which constitute total assets of Rs. 19,700 lakhs and net assets of Rs. 19,497 lakhs as at March 31, 2012, total revenue of Rs. 771 lakhs, net loss before tax of Rs. 66 lakhs and net cash out flows amounting to Rs. 52 lakhs for the year then ended that have been audited by Chaturvedi & Shah on whose reports Price Waterhouse has placed reliance for the purpose of this report.
- Price Waterhouse and Chaturvedi & Shah did not audit the financial statements and other financial information of six subsidiaries included in the consolidated financial statements, which constitute total assets of Rs. 6,822 lakhs and net assets of Rs. 6,444 lakhs as at March 31, 2012, total revenue of Rs. 1,543 lakhs, net profit before tax of Rs. 213 lakhs and net cash out flows amounting to Rs. 43 lakhs for the year then ended. These financial statements and other financial information have been audited by other auditors whose reports have been furnished to us, and our opinion on the consolidated financial statements to the extent they have been derived from such financial statements is based solely on the report of such other auditors.

- Price Waterhouse and Chaturvedi & Shah did not audit the financial statements and other financial information of eight subsidiaries included in the consolidated financial statements, which constitute total assets of Rs. 169,964 lakhs and net assets of Rs. 149,857 lakhs as at March 31, 2012, total revenue of Rs. 17,950 lakhs, net profit before tax of Rs. 14,572 lakhs and net cash inflows amounting to Rs. 39,636 lakhs for the year then ended. These financial statements and other financial information have been incorporated in the consolidated financial statements of the Group based on the un-audited financial statements as provided by the management, as audited financial statements of the component as at and for the year ended March 31, 2012 are not available.
- We report that the consolidated financial statements have been prepared by the Company's Management in accordance with the requirements of Accounting Standard (AS) 21 - Consolidated Financial Statements and Accounting Standard (AS) 27 - Financial Reporting of Interests in Joint Ventures notified under sub-section 3C of Section 211 of the Companies Act, 1956.
- Based on our audit and on consideration of reports of other auditors, one of the joint auditors and certification by management on separate financial statements and on the other financial information of the components of the Group as referred to above, and to the best of our information and according to the explanations given to us, in our opinion, the attached consolidated financial statements give a true and fair view in conformity with the accounting principles generally accepted in India:
  - (a) in the case of the consolidated Balance Sheet, of the state of affairs of the Group as at March 31, 2012;
  - (b) in the case of the consolidated Statement of Profit and Loss, of the profit of the Group for the year ended on that date: and
  - (c) in the case of the consolidated Cash Flow Statement, of the cash flows of the Group for the year ended on

# 1. General information

Reliance Power Limited ("the Company") together with its subsidiaries ("Reliance Power Group") is primarily engaged in the business of generation of power. The projects under development include coal, gas, hydro, wind and solar based energy projects. The portfolio of Reliance Power group also includes three ultra mega power projects (UMPP) of 3,960 MW each.

2. The abridged consolidated financial statements have been prepared pursuant to Rule 7A of the Companies (Central Government's) General Rules and Forms, 1956 as per notification F. No. 17/51/2012-CL-V, dated May 31, 2012 and are based on the annual financial statements for the year ended March 31, 2012 approved by the Board of Directors at their meeting held on May 24, 2012.

#### (Note 2 of consolidated financial statements)

#### Significant accounting policies:

#### a) Basis of accounting

The financial statements have been prepared on an accrual basis of accounting and in accordance with the generally accepted accounting principles in India, provisions of the Companies Act, 1956 ("the Act") and comply in material aspects with the accounting standards notified under Section 211 (3C) of the Act, read with Companies (Accounting Standards) Rules, 2006.

#### b) Basis of consolidation

- (I) The consolidated financial statements relate to Reliance Power Limited (the Parent Company) and its subsidiary companies and joint control operations (together referred to as "Group") which have been prepared in accordance with Accounting Standard 21 (AS-21) "Consolidated Financial Statements" and Accounting Standard 27 (AS-27) "Financial Reporting of Interests in Joint Ventures" as prescribed by Companies (Accounting Standards) Rules, 2006. The consolidated financial statements have been prepared on the following basis:
  - (i) The financial statements of the Parent and its subsidiary companies have been combined on a line by line basis by adding together the book values of like items of assets, liabilities, income and expenses after fully eliminating intra-group balances and unrealised profits or losses on intra-group transactions.
  - (ii) The consolidated financial statements include the interest of the Group in joint control operations. The joint control operations have been accounted for, using the proportionate consolidation method of accounting which reports the Group's share of assets, liabilities, income and expenses in the joint control operations after eliminating unrealised profits or losses on intra- group transactions.
  - (iii) The consolidated financial statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented to the extent possible, in the same manner as the Parent Company's separate financial statements. Appropriate adjustments have been made in the financial statements of the subsidiaries with respect to different accounting policies for like transactions and events in similar circumstances for the purpose of preparation of consolidated financial statements as far as possible.
  - (iv) In case of foreign subsidiaries, revenue is consolidated at the average exchange rate prevailing during the year. All monetary assets and liabilities are converted at the exchange rate prevailing at the end of the year. While, nonmonetary assets and liabilities are recorded at the exchange rate prevailing on the date of the transaction. Any exchange difference arising on consolidation of integral foreign operation is recognised in the Statement of Profit and Loss.
  - (v) The excess of cost to the Parent Company of its investment in the subsidiary over the Parent Company's portion of equity of the subsidiary and the excess of cost of subsidiary over its investment in Joint Venture is recognised in the financial statements as Goodwill. This Goodwill is tested for impairment at the end of the financial year. The excess of Parent Company's portion of equity over the cost of investment as at the date of its investment is treated as Capital Reserve.
  - (vi) Minority's share of net assets of consolidated subsidiaries is identified and presented in the consolidated Balance Sheet as a separate line item from liabilities and the shareholders' funds.
  - (vii) The financial statements of the subsidiaries used in consolidation are drawn up to the same reporting date as that of the Parent Company i.e. year ended March 31, 2012.

#### c) Use of estimates

The preparation and presentation of financial statements requires estimates and assumptions and / or revised estimates and assumptions to be made that affect the reported amount of assets and liabilities and disclosure of contingent liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognised in the period in which the results are known / materialised.

#### d) Tangible assets and capital work-in-progress:

- (i) The gross block of tangible assets are stated at cost of acquisition or construction, including any cost attributable to bringing the assets to their working condition for their intended use.
- (ii) All project related expenditure viz, civil works, machinery under erection, construction and erection materials, preoperative expenditure incidental / attributable to construction of project including carpet coal laid prior to commissioning, borrowing cost incurred prior to the date of commercial operation and trial run expenditure, coal mine development expenses are shown under Capital work-in-progress. These expenses are net of recoveries, revenue earned from sale of energy (known as infirm power) which is generated prior to commissioning and income (net of tax) from surplus funds arising out of project specific borrowings.
- (iii) Any exchange difference arising on long term foreign currency monetary items on revaluation or settlement at the rate different from the one which were previously reported, in so far relates to depreciable capital assets are added / deducted from cost of such assets. Also refer note 2 (l) below.
- (iv) Deposits, payments / liabilities made provisionally towards compensation, rehabilitation and other expenses relatable to land in possession are treated as cost of land.
- (v) Construction stores have been valued at weighted average cost.

### e) Intangible assets:

- (i) Intangible assets are recognized where it is probable that the future economic benefit attributable to the assets will flow to the Group and its cost can be reliably measured.
- (ii) Expenditure incurred on acquisition/developement of intangible assets which are not put / ready to use at the reporting date is disclosed under intangible assets under development.
- (iii) Mining Rights represents directly attributable cost (other than the land cost) incurred for obtaining the mining rights and are disclosed as part of Intangible assets in line with the requirements of the Act.

#### f) Inventories

Inventories are stated at lower of cost and net realisable value. In case of fuel, stores and spares, "cost" means weighted average cost.

#### g) Depreciation / amortization:

#### (i) Tangible assets

Tangible assets are depreciated under the straight line method as per the rates and in the manner prescribed under Schedule XIV of the Companies Act, 1956, read with the General Circular No. 31/2011 issued by the Ministry of Corporate Affairs dated May 31, 2011, as applicable.

#### Notes to the Abridged consolidated financial statements for the year ended March 31, 2012

In case of RPSCL, for thermal generating assets, i.e., plant and machinery block, depreciation is charged at the rate of 3.8% p.a. as per the order dated May 24, 2011, issued by the Ministry of Corporate Affairs.

In case of DSPPL, for solar photo voltaic assets, i.e., plant and equipment block, depreciation is charged at the rate of 7% p.a. for first ten years and thereafter at 1.33% p.a. for the remaining fifteen years as prescribed under Central Electricity Regulatory Commission (Terms and Conditions for Tariff determination from Renewable Energy Sources) Regulations, 2009.

Leasehold land is amortised over the lease period from the date of advance possession received or lease deed executed, whichever is earlier, except lease hold land for coal mining, which is amortised over the period of mining rights.

#### (ii) Intangible assets

Software expenses are amortised over a period of three years. Mining Rights are amortised over the period of rights.

#### h) Investments

Long-term investments are stated at cost less provision for diminution other than temporary, if any, in the value of such investments. Current investments are valued at lower of cost and fair value.

#### i) Provisions and contingent liabilities

**Provisions:** Provisions are recognised when there is present legal obligation as a result of past events, for which it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made for the amount of the obligation.

**Contingent liabilities:** Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the group. A present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or reliable estimate of the amount cannot be made, is also termed as contingent liability.

#### j) Impairment of assets

The Group assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Group estimates the recoverable amount of the asset. If such recoverable amount of the asset or recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised along with depreciation in the Statement of Profit and Loss.

#### k) Borrowing costs

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use. All other borrowing costs are charged to revenue.

#### Foreign currency transaction:

- (i) Foreign currency transactions are initially accounted at the exchange rates prevailing on the dates of the transactions / exchange rate at which the transaction is actually effected.
- (ii) All exchange differences arising on reporting of short term foreign currency monetary items at rates different from those at which they were initially recorded are recognised in the Statement of Profit and Loss.
- (iii) In respect of foreign exchange differences arising on revaluation or settlement of long term foreign currency monetary items, the Group has availed the option available in the Companies (Accounting Standards) (Second Amendment) Rules 2011, wherein:
  - Foreign exchange differences on account of depreciable asset, is adjusted in the cost of depreciable asset and the charge of depreciation is accordingly increased / reduced.
  - In other cases, foreign exchange differences are accumulated in "Foreign Currency Monetary Item Translation difference Account" and amortised over the balance period of such long term assets/liabilities.
- (iv) Non-monetary items denominated in foreign currency are stated at the rate prevailing on the date of transaction / exchange rate at which the transaction is actually effected.

#### m) Revenue Recognition:

(i) In case of RPSCL, revenue from sale of energy is recognized on an accrual basis as per the tariff rates approved by Uttar Pradesh Electricity Regulatory Commission (UPERC) in accordance with the provisions of power purchase agreement (PPA) with Uttar Pradesh Power Corporation Limited (UPPCL). In case where tariff rates are yet to be approved/agreed, provisional rates are adopted based on the principles enunciated in PPA and UPERC regulations. The surcharge on late payment/overdue Trade receivables for sale of energy is recognised when no significant uncertainty as to measure or collectability exists.

- (ii) In case of DSPPL, revenue from sale of energy is recognised on an accrual basis as per the tariff rate notified by Central Electricity Regulatory Commission (CERC) in accordance with the provisions of power purchase agreement with customers.
- (iii) Income from fuel handling and service charges is recognised on the basis of services rendered as per the terms of contract. Revenue on trading of coal rejects is recognised on transfer of property to the buyers for consideration.
- (iv) Profit on sale / redemption of investments is accounted on sale / redemption of such investments. Interest income on fixed and inter-corporate deposit is recognised on time proportionate basis. Dividend is recognised when right to receive is in Group's favour. Income on fixed maturity plan of mutual fund is recognised on an accrual basis based on the net asset value on the reporting date taking into consideration the principles of reasonable certainty.

#### n) Employee benefits:

#### (i) Short-term employee benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits. The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are charged off to the Statement of Profit and Loss / Capital work-in-progress, as applicable.

#### (ii) Defined contribution plans

Contributions to defined contribution schemes such as provident fund, superannuation, etc are charged off to the Statement of Profit and Loss / Capital work-in-progress, as applicable, during the year in which the employee renders the related service.

# (iii) Defined benefit plans

The Group also provides employee benefits in the form of gratuity and leave encashment, the liability for which as at the year end is determined by independent actuary based on actuarial valuation using the projected unit credit method. Such defined benefits are charged off to the Statement of Profit and Loss / Capital work-in-progress, as applicable. Actuarial gains and losses are recognised immediately in the Statement of Profit and Loss / Capital Work-in-progress, as applicable.

#### o) Employee stock option scheme (ESOS)

The employees of the Group and independent directors are entitled for grant of stock option (equity shares), based on the eligibility criteria set in ESOS plan of the Group. The employee compensation expenses are accounted on the basis of "intrinsic value method". The excess, if any, of quoted market price over the exercise price on the date of grant would be recognised as compensation cost over the vesting period. The Group recognizes compensation cost on the basis of estimated number of stock options expected to vest. Subsequently, if there are any indications resulting in a difference in the number of stock option expected to vest, the Group revises its previous estimate and accordingly recognises / (reverses) compensation cost on employee service.

### p) Accounting for taxes on income

Provision for current tax is made after taking into consideration benefits admissible under the provisions of the Income Tax Act, 1961

Deferred tax resulting from "timing differences" between book and taxable profit is accounted for using the tax rates and laws that have been enacted or substantively enacted as on the balance sheet date. The deferred tax asset is recognized and carried forward only to the extent that there is a reasonable certainty that the assets will be realised in future. However in respect of unabsorbed depreciation or carry forward loss, the deferred tax asset is recognised and carried forward only to the extent that there is a virtual certainty that the assets will be realised in future.

#### q) Accounting for oil and gas activity

The Group follows "Successful Efforts Method" for accounting of oil and gas exploration activities as set out by the Guidance Note issued by the Institute of Chartered Accountants of India on oil and natural gas producing activities. The cost of survey and prospecting activities conducted in search of oil and gas are expensed out in the year in which the same are incurred.

#### r) Cash and cash equivalents

In the cash flow statement, cash and cash equivalents include cash in hand, demand deposits with banks, other short-term highly liquid investments with original maturities of three months or less.

# s) Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Earnings considered in ascertaining the Group's earnings per share is the net profit for the period after deducting preference dividends and any attributable tax thereto for the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as issue of bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares

#### Notes to the Abridged consolidated financial statements for the year ended March 31, 2012

outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

### 4. (a) Contingent liabilities:

- Counter guarantees / Bank guarantees aggregating to Rs. 243,839 lakhs (Previous year: Rs. 264,675 lakhs) issued
  primarily to power procurers / banks / financial institutions towards construction of power plant / finance raised by the
  respective subsidiary.
- Refer note 14 with respect to Coastal Andhra Power Limited.
- In case of SPL, claims not acknowledged as debts Rs. 51 lakhs (Previous year: Rs. 51 lakhs) and demand raised by income tax authorities in dispute Rs. Nil (Previous year: Rs. 152 lakhs)
- In case of CAPL, Government of Andhra Pradesh has levied a penalty of Rs. 137 lakhs (Previous year: Rs.137 lakhs) at the rate of 50% on account of non-payment of conversion fee of Rs. 274 lakhs (Previous year: Rs. 274 lakhs) towards conversion of agriculture land to non-agricultural land at site. CAPL has filed an appeal with the Government of Andhra Pradesh (Revenue department) for wavier of the above amount.

# (b) Capital commitments:

Estimated amount of contracts remaining unexecuted on capital account (net of advances paid) and not provided for Rs. 5,248,550 lakhs (Previous year: Rs. 5,751,367 lakhs).

#### (c) Other commitments:

The Parent Company has ongoing commitments given to lenders or procurers of power or other regulatory authorities to extend support and provide equity in respect of various projects undertaken by the respective subsidiaries, wherein the amounts of investment would vary considering the project cost and debt equity ratio agreed with the respective lenders.

### 6. General reserve (arisen pursuant to composite scheme of arrangement)

The General reserve of Rs. 111,957 lakhs had arisen pursuant to the composite scheme of arrangement between the Parent Company, Reliance Natural Resources Limited, erstwhile Reliance Futura Limited and four wholly owned subsidiaries viz. Atos Trading Private Limited, Atos Mercantile Private Limited, Reliance Prima Limited and Coastal Andhra Power Infrastructure Limited. The said scheme has been sanctioned by Hon'ble High Court of Judicature at Bombay vide order dated October 15, 2010. Such General reserve shall be a reserve which arose pursuant to the above scheme and shall not be and shall not for any purpose be considered to be a reserve created by the Parent Company.

#### 7. 4.928% Convertible Bonds (FCCBs)

Reliance Natural Resources Limited (RNRL) had issued FCCBs of USD 300,000,000 vide letter of offer dated October 12, 2006. The FCCBs were transferred to the Parent Company in terms of composite scheme of arrangement sanctioned by the High Court of Bombay on October 15, 2010. FCCBs were secured by the issuance of an irrevocable letter of credit to the trustee on behalf of the FCCB holders by Barclays Bank Plc. FCCBs were due for redemption on October 17, 2011. FCCB holders were eligible for conversion of FCCBs to equity share at Rs. 104 per share for every fully paid equity share of Rs. 10 each to be issued by the Parent Company on exercise of the option. During the year till the due date of redemption, no FCCBs were converted into equity shares and the Parent Company redeemed the outstanding FCCBs by fully repaying the FCCB holders.

#### 8. Accounting under composite scheme of arrangement

In the previous year, the Composite Scheme of Arrangement ('Scheme') under Section 391 to 394 read with Sections 78, 100 to 103 of the Act between the Parent Company, Reliance Natural Resources Limited, erstwhile Reliance Futura Limited and four wholly owned subsidiaries viz. Atos Trading Private Limited, Atos Mercantile Private Limited, Reliance Prima Limited and Coastal Andhra Power Infrastructure Limited, was sanctioned by Hon'ble High Court of Judicature at Bombay vide order dated October 15, 2010.

As per the terms defined in the Scheme, General Reserve of the Parent Company is a free reserve available for all purpose as the board of directors may determine from time to time, including but not limited to meeting any loss incurred due to variation in exchange rates which are beyond the control of the Parent Company. The Scheme also specifies that any use of General Reserve shall be reflected in Statement of Profit and Loss against the item for which General Reserve is used.

The Parent Company, based on a legal opinion and as per the approval of board of directors has offset the loss amounting to Rs. 13,588 lakhs incurred due to exchange variation on settlement of FCCB, by withdrawing an equivalent amount from General Reserve. The management has been legally advised that the disclosure of said accounting in the Statement of Profit and Loss is in compliance with Revised Schedule VI of the Companies Act, 1956.

Had the Scheme not prescribed the utilization of General Reserve by an equivalent amount of credit to Statement of Profit and Loss towards the exchange loss, the profit before tax of the Group would have been lower by Rs. 13,588 lakhs and the General Reserve would have been higher to that extent.

### 9. Scheme of amalgamation between Parent Company and Sasan Power Infrastructure Limited

Sasan Power Infrastructure Limited (SPIL), a wholly owned subsidiary of the Parent Company, incorporated with the main object to operate, install, develop, promote and maintain projects in infrastructure sectors including setting up power plants etc., was amalgamated into the Parent Company pursuant to the Scheme of Amalgamation (Scheme), as on and from September 1, 2011, being the appointed date pursuant to the approval of Board of Directors of the Parent Company and sanctioned by the Hon'ble High Court of Judicature at Bombay vide its order dated December 23, 2011 which was filed with the Registrar of Companies on February 23, 2012.

The Parent Company has carried out the accounting treatment prescribed in the Scheme as approved by the Hon'ble High Court of Judicature at Bombay. The required disclosures as per paragraph 42 of Accounting Standard 14 (AS 14) 'Accounting for Amalgamations' as prescribed under the Companies (Accounting Standards) Rules, 2006 have been provided. Further, the Parent Company has also been legally advised that the accounting treatment including disclosure under Revised Schedule VI carried out is in line with the Scheme approved by the Hon'ble High Court of Judicature at Bombay and is not in violation of any applicable rules and regulations.

Hence, in accordance with the Scheme:

- a) The Parent Company has taken over all the assets aggregating to Rs. 28,006 lakhs and liabilities aggregating to Rs. 5,022 lakhs at their respective book values. The difference aggregating to Rs. 22,984 lakhs being the excess arising on transfer of assets and liabilities has been treated as General Reserve (arising pursuant to the Scheme).
- b) No consideration is payable or receivable on implementation of the Scheme as the Scheme involves a wholly owned subsidiary. The entire issued, subscribed and paid up capital of the subsidiary has been cancelled and no shares have been allotted or exchanged in lieu of the same.
- c) Investments in equity share capital of SPIL amounting to Rs. 20,005 lakhs has been written off in the Statement of Profit and Loss and an equivalent amount has been withdrawn from General Reserve vide board approval dated May 24, 2012, to off-set the said write off and the same has been credited to Statement of Profit and Loss.

# Reliance Power Limited

#### Notes to the Abridged consolidated financial statements for the year ended March 31, 2012

Had the Scheme not prescribed the above accounting treatments, the treatment in accordance with AS 14 under purchase method would have been, Rs. 22,984 lakhs being the excess arising on transfer of assets and liabilities treated as General Reserve (arising pursuant to the Scheme), would have been treated as Capital Reserve. Also, Rs. 20,005 lakhs being the investment of the Parent Company (share capital plus securities premium) in SPIL debited to Statement of Profit and Loss, would have been debited to Capital Reserve, and Rs. 20,005 lakhs withdrawn from General Reserve would not have been withdrawn.

Since SPIL is a wholly owned subsidiary of the Parent company, there is no impact on the consolidated financial statements on account of the said merger as these transactions get eliminated in the consolidated financial statements.

#### 10. Scheme of Amalgamation between RCGL and Western Alliance Power Limited (WAPL)

### Treatment in the books of RCGL

The Board of directors of RCGL, (a wholly owned subsidiary of Parent company w.e.f June 5, 2010) had approved a Scheme of Amalgamation with Western Alliance Power Limited (WAPL) (hereinafter referred to as 'Scheme') at their meeting held on January 5, 2011. The Scheme has been sanctioned by Hon'ble High Court of Gujarat, at Ahmedabad and Hon'ble High Court of Judicature at Bombay vide orders dated March 22, 2011 and April 8, 2011, respectively. The Scheme has become effective on June 3, 2011 on filing with Registrar of Companies with an appointed date as January 1, 2010.

WAPL was incorporated with the main object of production, purchase, distribution, dealing in electricity in all forms etc., and has been merged with RCGL from the appointed date of January 1, 2010. The merger has been accounted under Purchase Method specified in Accounting Standard 14 (AS 14) "Accounting for Amalgamation", prescribed under the Companies (Accounting Standards) Rules, 2006.

In accordance with the Scheme:

- a) All assets aggregating Rs. 203 lakhs and liabilities of Rs. 49 lakhs have been recorded in the books of RCGL at their respective book values as appearing in the books of WAPL.
- b) All inter-company balances and transactions as appearing in the books of RCGL and all inter-company transactions, with effect from the Appointed Date, have been cancelled.
- c) As a consideration, RCGL has allotted one fully paid 6% Non Convertible, Non Cumulative, Redeemable Preference Share of Rs. 10 each for every 10 fully paid equity shares of Rs. 10 each of WAPL, held by its members as on the effective date of Scheme. Accordingly, 1,500,601 Preference Shares have been allotted to the Shareholders of WAPL. These Preference Shares are to be redeemed at par at the end of five year from the date of allotment. However RCGL will have an option to redeem the Preference Shares at any time after the end of six months from the date of allotment at the face value along with any declared and unpaid dividend.
- d) The difference between the assets and liabilities transferred as per paragraph a) above after considering the amount credited as Preference Share Capital as per paragraph c) above and adjustments pursuant to paragraph b) aggregating Rs. 1,936 lakhs has been credited to General Reserve. This General Reserve will be a reserve arising pursuant to the Scheme and will not be treated, for any purpose, as a reserve created by RCGL.
- e) The annual accounts of RCGL for the year ended March 31, 2010 have been revised to give effect to the Scheme and accordingly revised filings has been made with the Registrar of Companies

Had, the Scheme not prescribed the above accounting treatment:

- a) General Reserve would have been lower by Rs. 1,936 lakhs and Capital Reserve would have been higher by Rs. 4 lakhs, in the books of RCGL as on March 31, 2010.
- b) The difference of Rs. 1,932 lakhs on cancellation of intercompany transactions would have been credited to Statement of Profit and Loss. Accordingly profit before tax would have been higher by the said amount in the books of RCGL for the year ended March 31, 2010.

#### Treatment in the consolidated financial statements of the Group

RCGL has become a wholly owned subsidiary of the Parent Company from June 5, 2010. Since the above Scheme has been sanctioned with an appointed date as January 1, 2010, the Group has given effect to the Scheme as on the date of acquisition i.e June 5, 2010 and accordingly has recalculated the Goodwill/ Capital Reserve as at the acquisition date after giving effect of the Scheme. The Group, based on revised financial statements of RCGL (after giving effect to the Scheme) as at June 5, 2010 has accounted for Rs. 528 lakhs as Capital Reserve in the consolidated financial statements for the year ended March 31, 2012 to give effect to the pre-acquisition profits which had arisen pursuant to the Scheme after adjusting Goodwill of Rs. 188 lakhs already accounted in the previous year, based on the statutory financial statements of RCGL at that point of time.

### 11. Change in accounting policy (Income on fixed maturity plans of mutual fund)

During the year, based on legal opinion, the Group has changed its accounting policy for income on fixed maturity plans of mutual funds, from recognising it at the time of maturity to recognising it on an accrual basis based on the net asset value as on the reporting date considering the principles of reasonable certainty. Had the Group followed the earlier accounting policy, Profit before tax would have been lower by Rs. 1,990 lakhs.

#### 12. Employee Stock Option Scheme (ESOS)

Pursuant to the approval accorded by the Shareholders on September 30, 2007 under Section 81(1A) of the Companies Act,1956, the Parent Company has administered and implemented Employee Stock Option Scheme (ESOS) in terms of the Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines,1999 (Guidelines). The Board of Directors of the Parent Company has constituted its ESOS compensation committee to operate and monitor the ESOS scheme which is administered through ESOS Trust.

The ESOS compensation committee of the Board of Directors of the Parent Company approved a grant of 20,000,000 stock options to the eligible employees of the Group on May 8, 2010. The options are granted to the employees of the Group on satisfying the performance and other eligibility criteria set out in ESOS Plan. In accordance with the scheme, each option entitles the employee to apply for one fully paid equity share of Rs. 10 of the Parent Company at an exercise price of Rs 162 per share. The vesting period of options will commence on expiry of one year from the grant date and all the options granted shall vest immediately. The vested options can be exercised by the eligible employees over a period of nine years from the date of vesting.

The Group has opted for accounting the Compensation expenses under 'Intrinsic Value Method'. The closing market price of the Parent Company on the date of grant was Rs. 140.20 per share at National Stock Exchange (being the latest trading price with highest trading volume). As the exercise price of the share is more than market price, the Group has not accounted for any compensation cost. The Parent Company has advanced Rs. 14,000 lakhs (disclosed under note 3.13 Long term loans and advances) to the ESOS trust for purchase of equity shares from the market. The ESOS trust has purchased 8,500,000 shares from the given advance.

The fair value of option granted was determined under Binomial Option Pricing – Hull & White Model. The details pertaining to number of options, weighted average price and assumptions considered for fair value are disclosed below:

Particulars	Option details	
Weighted average share price	Rs. 140.20	
Exercise price	Rs. 162.00	
Expected volatility	41.88%	
Vesting period	One year	
Exercise period	7.25 Years	
Risk free interest rate	7.74%	
Expected dividend	-	
Fair Value of option	Rs. 50.42	
	2011-12	2010-11
Opening balance of options	8,500,000	_
Options granted during the year	-	8,500,000
Vested during the year	8,500,000	-
Exercised during the year	-	-
Closing balance of options	8,500,000	8,500,000

The expected volatility was determined based on the volatility of the equity share for the period of one year prior to issue of the option.

Had the Group opted for accounting of Compensation cost under 'Fair value Method', Profit after tax would have been lower by Rs. 434 lakhs (Previous year: Rs. 3851 lakhs) and Earnings per share (Basic and diluted) would have been Rs. 3.07 (Previous year: Rs. 2.79)

#### 13. Project status of Dadri:

- a) The Parent Company is developing a 7,480 MW gas-fired power project to be located at the Dhirubhai Ambani Energy City in Dehra village, Dadri, Uttar Pradesh. The State of Uttar Pradesh in the year 2004 had acquired 2,100 acres of land and conveyed the same to the Parent Company in the year 2005. While the State was in the process of acquiring further 400 acres of land for the project, a few land owners had filed writ petitions before the Allahabad High Court challenging the acquisition process under the Land Acquisition Act, 1894 ("the Act"). The Allahabad High Court has disposed of the writ petitions upholding the Section 4 notification and directed compliance with certain procedures relating to land acquisition that were left out earlier by the State Government. The Parent Company has filed an appeal against the Allahabad High Court order which is now pending before the Supreme Court. Few land owners have also filed appeals / petitions before the Supreme Court challenging Allahabad High Court's order upholding the Section 4 notification and alleging highhanded and forceful actions during the acquisition process, which are pending.
- b) The construction and other allied activities at Dadri project will be commenced as soon as the gas supply is firmed up and on settlement of land issues. Considering the delay in the project execution, due to litigation as stated above, the Parent Company as a matter of prudence, has written off the incidental expenditure amounting to Rs. 2,778 lakhs in the Statement of Profit and Loss.

#### 14. Project status of Coastal Andhra Power Limited (CAPL)

CAPL, a wholly owned subsidiary of Parent Company, has been set up for the purpose of development of Ultra Mega Power Project (UMPP) of 3,960 MW located in Krishnapatnam, District Nellore, based on imported coal sourced from Indonesia.

The Government of Indonesia introduced a new regulation in September 2010 which prohibits sale of coal, including sale to affiliate companies, at below Benchmark Price which is linked to international coal prices and requires adjustment of sale price every 12 months. This regulation also mandates to align all existing long-term coal supply contracts with the new regulations within one year i.e. by September 2011. CAPL had entered into a firm price fuel supply agreement with Reliance Coal Resources Private Limited (RCRPL), a wholly owned subsidiary of the Parent Company. In view of this new regulation, RCRPL now needs to supply coal at the market price, because of which an element of uncertainty has arisen in the fuel supply for the CAPL project, wherein the power needs to be supplied at a pre-agreed tariff as per the terms of Power Purchase Agreement (PPA) dated March 23, 2007. The said issue has been communicated to the power procurers and also to the Government of India through the Association of Power Producers to arrive at a suitable solution to the satisfaction of all the stakeholders.

Notwithstanding the above, considering the terms of PPA, CAPL has issued a dispute resolution notice to the procurers of power under the force majeure clause of the PPA, considering the change in Indonesian regulations as an event of force majeure. The procurers of power under the terms of PPA have also issued a notice for termination of PPA and have raised a demand for liquidated damages of Rs. 40,000 lakhs (including bank guarantee of Rs. 30,000 lakhs), which has been disclosed under contingent liability.

CAPL has filed a petition before the Hon'ble High Court at Delhi inter alia for interim relief under Section 9 of the Arbitration and Conciliation Act, 1996. The Court vide its order dated March 20, 2012 has granted such relief and prohibited the Procurers from taking any coercive steps against CAPL.

Based on the legal opinion obtained with regard to applicability of force majeure clause for the change in law in Indonesia and considering the nature of expenditure incurred till date at the project, no provision for impairment is considered in respect of the capital expenditure incurred till date and for the aforesaid demand raised by the procurers of power.

### 15. Exchange differences on foreign currency monetary items

In respect of exchange rate difference arising on long term foreign currency monetary items, the Group has availed the option available in the Companies (Accounting Standards) (Second Amendment) Rules. 2011, vide notification dated December 29, 2011 issued by the Ministry of Corporate Affairs. Accordingly, the Group has adjusted exchange loss of Rs. 3,847 lakhs (Previous year gain of Rs. 393 lakhs) to the cost of tangible assets and Rs. 35,159 lakhs (Previous year gain of Rs. 2,629 lakhs) to capital work-in-progress, as the long term monetary items relate to depreciable capital asset. The Group has also accumulated a gain of Rs. 3,070 lakhs to "Foreign currency monetary item translation difference account" towards exchange variation on revaluation of long term monetary items other than on account of depreciable assets.

#### 16. Disclosure under Accounting Standard 15 (revised 2005) "Employee Benefits"

The Group has classified various employee benefits as under:

### Defined contribution plans

- a) Provident fund
- b) Superannuation fund
- c) State defined contribution plans
  - Employees' Pension Scheme 1995

The provident fund and the state defined contribution plan are operated by the Regional provident fund commissioner and the superannuation fund is administered by the Trust. Under the schemes, the Group is required to contribute a specified percentage of payroll cost to the retirement benefit schemes to fund the benefits.

The Group has recognised the following amounts in the Statement of Profit and Loss / Capital work-in-progress for the year:

		Rupees in lakhs
	Year ended	Year ended
	March 31, 2012	March 31, 2011
(a) Contribution to provident fund	414	338
(b) Contribution to employees' superannuation fund	53	56
(c) Contribution to employees' pension scheme 1995	48	40

#### Defined benefit plans

- (a) Gratuity
- (b) Leave encashment

Leave encashment is payable to eligible employees who have earned leave, during the employment and / or on separation as per the Group's policy.

Valuations in respect of gratuity and leave encashment have been carried out by an independent actuary, as at the Balance Sheet date, based on the following assumptions:

	Gratuity		Leave Encashment	
	2011-12	2010-11	2011-12	2010-11
Discount Rate (per annum)	8.50%	8.25%	8.50%	8.25%
Rate of increase in compensation levels	7.50%	7.50%	7.50%	7.50%
Rate of return on plan assets	8.25%	8.25%	8.25%	8.25%
Expected average remaining working lives of employees in years	5 to 12	8 to 26	-	-

The estimate of rate of escalation in salary considered in actuarial valuation takes into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market.

### 17. Segment Reporting

The Group operates in two business segments i.e. Power Generation and Associated Business Activities (termed as "Others"). Associated Business Activities includes project management, supervision and support services for generation and allied processes. Business segments have been identified as reportable primary segment in accordance with Accounting Standard 17 'Segment Reporting' as prescribed under Companies (Accounting Standards) Rules, 2006, taking into account the Group organizational and internal reporting structure as well as evaluation of risk and return for these segments. Segment reporting policies are in line with the accounting policies of the Group. Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment. Revenue, expenses, assets and liabilities which relate to the Group as a whole and are not allocable to segments on reasonable basis have been included as "un-allocable".

Geographical Segments: Presently, the Group's operations are predominantly confined within India. However, the Group has through its subsidiaries invested in the coal mines located in Indonesia, which currently are in initial stages of development.

# Reliance Power Limited

#### Notes to the Abridged consolidated financial statements for the year ended March 31, 2012

- 25. In case of RPSCL the deferred tax liability of Rs. 29,701 lakhs on account of temporary differences originating at the year end and reversing after the tax holiday period, considering RPSCL's eligibility to avail deduction under section 80IA of the Income Tax Act, 1961, is less than the deferred tax assets of Rs. 32,288 lakhs as at the year end on account of unabsorbed depreciation and accumulated business loss under Income Tax Act, 1961. RPSCL has not recognised the balance amount of deferred tax assets on consideration of principle of prudence.
- 26. DSPPL has commissioned 40MW Solar Photovoltaic Power Plant and has started commercial operation from March 28, 2012.
- 27. The Parent Company, through its subsidiary Maharashtra Energy Generation Limited ("MEGL"), had signed Memorandum of Understanding with Government of Maharashtra (GoM) to set up 4000 MW power project at Shahpur, Raigad District. MEGL expected that the Shahapur project will require 2,500 acres of land for the Power Project. However, the land acquisition procedures could not be completed within the stipulated period. In view of above the Company informed the GoM vide letter dated September 6, 2011, of its decision not to pursue the project and further requested it to refund the amount initially paid as deposit for acquisition of land. Considering the above facts, MEGL has written off the incidental expenditure amounting to Rs. 835 lakhs in the Statement of Profit and Loss.
- **28.** In case of SMPL, the area in which the plant is under construction includes land admeasuring 61 acres, owned by R Infra which is under its possession through Memorandum of Understanding. SMPL is in the process of entering into a lease agreement with R Infra for the same. Further, pending execution of lease agreement, it has obtained an affirmation from R Infra that the assets on the land is its property.
- 29. The Management has been legally advised that the Parent Company is considered to be established with the object of providing infrastructural facilities and accordingly, Section 372A of the Companies Act, 1956 is not applicable to it.
- 30. Disclosure under Micro, Small and Medium Enterprises Development Act, 2006

There are no Micro and Small Scale Business Enterprises, to whom the Group owes dues, which are outstanding for more than 45 days as at March 31, 2012. This information as required to be disclosed under Micro, Small and Medium Enterprises Development Act, 2006 has been determined to the extent such parties have been identified on the basis of information available with the Group.

- **31.** Pursuant to the general exemption granted by the Department of Corporate Affairs, Government of India, the Parent Company is publishing the consolidated and standalone financial statements of Reliance Power Limited and its subsidiaries. The requisite financial information of subsidiaries have been furnished by the management as a part of annual report.
- 32. The consolidated financial statements for the year ended March 31, 2011 had been prepared as per the then applicable, prerevised Schedule VI to the Companies Act, 1956. Consequent to the notification of Revised Schedule VI under the Companies Act, 1956, the financial statements for the year ended March 31, 2012 have been prepared as per Revised Schedule VI. Accordingly, the previous year figures have also been reclassified to conform to this year's classification. The adoption of Revised Schedule VI for previous year figures does not impact recognition and measurement principles followed for preparation of financial statements.
